Reverse Inscriptions: (Cemetery must select R2 engrave requirement**)**

Removal of Contractor facility
Inscribed in the dedicated sandblasting area after cemetery personnel have removed the headstone from the grave and transported it to the Contractor's work area, making it available for inscription.

Authorized Operating Hours:

All work for contract performance at the cemetery shall be performed between the hours of 7:30 a.m. and 4:00 p.m., local time, Monday through Friday, excluding Federal holidays. Work performed during non-duty hours, weekends and holidays will be at the discretion and with the written approval of the CO, MPS COR and the cemetery director and at no additional cost to the Government. Request to work during non-duty hours, weekends and holidays will not be a substitute for not working during a regular work week.
