SECTION E INSPECTION AND ACCEPTANCE

E.1. 52.246-11 Higher-Level Contract Quality Requirement (Dec 2014)

E.2. 52.246-12 Inspection of Construction (Aug 1996)

SECTION F DELIVERIES AND PERFORMANCE

F.1. 52.211-12 Liquidated Damages — Construction (Sep 2000) (DEVIATION Jan 2026)

(a) If the Contractor fails to complete the work within the time specified in the contract, the Contractor shall pay liquidated damages to the Government in the amount of **$3,555.00.** for each calendar day of delay until the work is completed or accepted.

(b) If the Government terminates the Contractor's right to proceed, liquidated damages will continue to accrue until the work is completed. These liquidated damages are in addition to excess costs of repurchase under the Termination clause.

F.2. 52.242-14 Suspension of Work (Apr 1984)

SECTION G CONTRACT ADMINISTRATION

G.1. Government Point of Contact

The contracting office's point of contact for this contract is:

Name: Ashley Johnson

Title: Contract Specialist

Address: Bureau of Reclamation, Suite 100, 1150 North Curtis Road, Boise ID 83706-1234

E-Mail: ashley_d_johnson@ios.doi.gov

G.2. 1452.201-70 Authorities and Delegations (Sep 2011)

(a) The Contracting Officer is the only individual authorized to enter into or terminate this contract, modify any term or condition of this contract, waive any requirement of this contract, or accept nonconforming work.

(b) The Contracting Officer will designate a Contracting Officer's Representative (COR) at time of award. The COR will be responsible for technical monitoring of the contractor's performance and deliveries. The COR will be appointed in writing, and a copy of the appointment will be furnished to the Contractor. Changes to this delegation will be made by written changes to the existing appointment or by issuance of a new appointment.

(c) The COR is not authorized to perform, formally or informally, any of the following actions:

(1) Promise, award, agree to award, or execute any contract, contract modification, or notice of intent that changes or may change this contract;

(2) Waive or agree to modification of the delivery schedule;

(3) Make any final decision on any contract matter subject to the Disputes Clause;

(4) Terminate, for any reason, the Contractor's right to proceed;

(5) Obligate in any way, the payment of money by the Government.

(d) The Contractor shall comply with the written or oral direction of the Contracting Officer or authorized representative(s) acting within the scope and authority of the appointment memorandum. The Contractor need not proceed with direction that it considers to have been issued without proper authority. The Contractor shall notify the Contracting Officer in writing, with as much detail as possible, when the COR has taken an action or has issued direction (written or oral) that the Contractor considers to exceed the COR's appointment, within 3 days of the occurrence. Unless otherwise provided in this contract, the Contractor assumes all costs, risks, liabilities, and consequences of performing any work it is directed to perform that falls within any of the categories defined in paragraph (c) prior to receipt of the Contracting Officer's response issued under paragraph (e) of this clause.

(e) The Contracting Officer shall respond in writing within 30 days to any notice made under paragraph (d) of this clause. A failure of the parties to agree upon the nature of a direction, or upon the contract action to be taken with respect thereto, shall be subject to the provisions of the Disputes clause of this contract.

(f) The Contractor shall provide copies of all correspondence to the Contracting Officer and the COR.

(g) Any action(s) taken by the Contractor, in response to any direction given by any person acting on behalf of the Government or any Government official other than the Contracting Officer or the COR acting within his or her appointment, shall be at the Contractor's risk.

G.3. DOI-AAAP-0028 Electronic Invoicing and Payment Requirements - Invoice Processing Platform (IPP) (Feb 2021)

Payment requests must be submitted electronically through the U. S. Department of the Treasury's Invoice Processing Platform System (IPP).

"Payment request" means any request for contract financing payment or invoice payment by the Contractor. To constitute a proper invoice, the payment request must comply with the requirements identified in the applicable Prompt Payment clause included in the contract, or the clause 52.212-4 Contract Terms and Conditions - Commercial Items included in commercial item contracts. The IPP website address is: https://www.ipp.gov.

Under this contract, the following documents are required to be submitted as an attachment to the IPP invoice:

For supplies/services:

Concurrent to submitting an invoice in IPP, the contractor may submit any supporting documentation to the contracting officer at [insert e-mail address or direct the contractor to upload supporting document to IPP]. Contractors are cautioned that supporting documentation emailed to the contracting officer must not conflict with the IPP submission. Conflicts between the IPP submission and supporting documentation may result in a delay in approval and/or rejection of submitted invoices.

When e-mailing supporting documentation to the contracting officer, the subject line of the email shall be formatted as follows: Contract Number, Invoice Number, Contracting Officer's last name (e.g., 140R2018R00000_Invoice No. 1_Smith). The invoice shall be attached to the email and named using the following format: Contract Number, Contractor Name, Invoice Number, Invoice Amount (e.g., 140R2022R00000_World Test, Inc. - Inv. No. 1 - $5,678).

Invoices shall not include information that would compromise Personally Identifiable Information, such as full social security numbers, dates of birth, etc. The final invoice shall be

submitted and will be approved in accordance with payment terms and conditions contained in the contract, after all, if any, settlement actions are complete. The contractor must clearly identify the last payment as the 'Final Invoice'.

For construction:

Prior to submitting an invoice to IPP, the contractor is strongly encouraged to coordinate with the designated Contracting Officer's Representative (COR), for review and verification of any measured quantities for payment and for compliance with the applicable progress payment requirements of this contract. Prior coordination with the COR will allow for streamlined processing of the invoice.

Concurrent to submitting an invoice in IPP, the contractor shall submit supporting documentation to the contracting officer at [insert e-mail address or direct the contractor to upload supporting document to IPP]. Contractors are cautioned that supporting documentation emailed to the contracting officer must not conflict with the IPP submission. Conflicts between the IPP submission and supporting documentation may result in a delay in approval and/or rejection of submitted invoices.

When e-mailing supporting documentation to the contracting officer, the subject line of the email shall be formatted as follows: Contract Number, Invoice Number, Contracting Officer's last name (e.g., 140R2018R00000_Invoice No. 1_Smith). The invoice shall be attached to the email and named using the following format: Contract Number, Contractor Name, Invoice Number, Invoice Amount (e.g., 140R2022R00000_World Test, Inc. - Inv. No. 1 - $5,678).
Invoices shall not include information that would compromise Personally Identifiable Information, such as full social security numbers, dates of birth, etc. The final invoice shall be submitted and will be approved in accordance with payment terms and conditions contained in the contract, after all, if any, settlement actions are complete. The contractor must clearly identify the last payment as the 'Final Invoice'.

The Contractor must use the IPP website to register access and use IPP for submitting requests for payment. The Contractor Government Business Point of Contact (as listed in SAM) will receive enrollment instructions via email from the Federal Reserve Bank of St. Louis (FRBSTL) within 3 - 5 business days of the contract award date. Contractor assistance with enrollment can be obtained by contacting the IPP Production Helpdesk via email IPPCustomerSupport@fiscal.treasury.gov or phone (866) 973-3131.

Support documents must include, but are not limited to, the following documents:
Construction Invoice
Monthly Certificate of Labor Conformance
Subcontractor / Supplier Payment Summary

The Contractor must use the IPP website to register access and use IPP for submitting requests for payment. The Contractor Government Business Point of Contact (as listed in SAM) will receive enrollment instructions via email from the Federal Reserve Bank of Boston (FRBB)

within 3 – 5 business days of the contract award date. Contractor assistance with enrollment can be obtained by contacting the IPP Production Helpdesk via email ippgroup@bos.frb.org or phone (866) 973-3131.

If the Contractor is unable to comply with the requirement to use IPP for submitting invoices for payment, the Contractor must submit a waiver request in writing to the Contracting Officer with its proposal or quotation.

G.4. WBR 1452.201-80 Contracting Officer's Representative's Authorities and Limitations – Bureau of Reclamation (May 2018)

(a) Performance of the work under this contract shall be subject to the technical direction of the Reclamation Contracting Officer's Representative (COR). The term "technical direction" is defined to include, without limitation:

(1) Inspecting and accepting or rejecting work performed under the contract.

(2) Representing the Government in technical phases of the work. The COR is responsible for the technical administration of the contract and will provide instructions and interpretations to the

Contractor on all technical matters relating to the contract. The COR will supervise or oversee all Government technical and administrative personnel assigned to assist the COR.

(3) Reviewing and, where required by the contract, approving submittals of technical data, shop drawings, samples, literature, plans, or other data required to be delivered by the Contractor to the Government.

(b) The Contractor will receive a copy of the written COR designation from the Contracting Officer. It will specify the extent of the COR's authority to act on behalf of the Contracting Officer.

(c) Technical direction must be within the scope of work stated in the contract. Only the Contracting Officer is authorized to determine if a change is within the scope of the contract; therefore, the COR does not have the authority to, and may not, issue any technical direction that —

(1) Constitutes a direction of additional work outside the Contract requirements;

(2) Constitutes a change as defined in the contract clause entitled "Changes;"

(3) In any manner causes an increase or decrease in the total contract cost, or the time required for contract performance;

(4) Changes any of the expressed terms, conditions or specifications of the contract; or

(5) Interferes with the Contractor's right to perform the terms and conditions of the contract.

(d) All technical direction shall be issued in writing by the COR.

(e) The Contractor must proceed promptly with the performance of technical direction duly issued by the COR in the manner prescribed by this clause and within its authority under the provisions of this clause. If, in the opinion of the Contractor, any instruction or direction by the COR falls within one of the categories defined in (e)(1) through (e)(5) of this clause, the Contractor must not proceed and must notify the Contracting Officer in writing within five (5) working days after receipt of any such instruction or direction and must request the Contracting Officer to modify the contract accordingly. Upon receiving the notification from the Contractor, the Contracting Officer must -

(1) Advise the Contractor in writing after receipt of the Contractor's letter that the technical direction is within the scope of the contract effort and does not constitute a change under the Changes clause of the contract; or

(2) Advise the Contractor that the Government will issue a written change order.

(f) A failure of the Contractor and Contracting Officer either to agree that the technical direction is within the scope of the contract or to agree upon the contract action to be taken with respect to the technical direction will be subject to the provisions of the clause entitled "Disputes."

SECTION H SPECIAL CONTRACT REQUIREMENTS

H.1. WBR 1452.242-80 Postaward Conference – Bureau of Reclamation (Mar 2022)

(a) Prior to the contractor starting work, a postaward conference (as described in FAR Subpart 42.5), will be convened by the contracting activity or contract administration office. The contractor's project manager shall attend the conference. If the contract involves subcontractors, a representative of each major subcontractor is also required to attend.

(b) The conference will be held at a future date and time to be determined by the Contracting Officer.

(c) The contracting officer and the contractor will agree to the date and time of the conference after award of the contract. In event of a conflict in schedules, the contracting officer shall establish the date for the conference.

(d) The contractor shall not be entitled to the reimbursement any costs associated with attendance at the conference beyond the agreed-to contract price.

H.2. Advance Notice of Deliveries or Visits to Reclamation Facilities by Foreign Nationals – Bureau of Reclamation – C-PN Region (Feb 2007)

(e.) General — Due to increased security requirements at our nation's facilities, before any foreign national (non-United States citizen) personnel may be allowed to visit or deliver material to any of the Bureau of Reclamation's Columbia-Pacific Northwest Regional dams, powerplants, or other facilities, contractors shall provide advance notice of any such planned visits. The following procedures shall be followed:

(1) Grand Coulee Dam and Power Office (GCPO) – i. Deliveries –

A. Before arranging for delivery of materials, equipment, or supplies to the GCPO warehouse, industrial area, or powerplants (Third, Left, Right, and Pump-Generating Plant), the Contractor shall send an advance signed notice of the delivery (as early as possible, but in no case no later than two business days before arrival at GCPO).

B. The advance notice must be on the Contractor's company letterhead, and identify the impending visit, showing who will be coming, the purpose of the visit, and both the date and the duration of the visit. The notice shall also contain the contract number and title, full name of the visitor, and the full name and phone number of the designated sponsor who will be physically responsible for escorting the visitor for the duration of the scheduled visit.

C. Send the notice to: GCPO Physical Security and the Contracting Officer's Representative (COR) (to be assigned upon award). E-mail notices can be sent to **IBR1GCPDPhysSec@usbr.gov**.

D. Upon arrival at GCPO, before being granted entry to the destination facility, the driver or delivery person will have to show both a bill of lading (confirming the shipping information provided in the notice), and proof of identity (with a picture identification card). GCPO personnel will escort and monitor the activities of the drivers at all times while in the facility.

ii. Visitors –

A. Before arranging for a visit to GCPO by a foreign national (non-United States citizen) for purposes other than covered by paragraph 1 above, the Contractor shall similarly provide advance notice of the impending visit (as early as possible, but in no case no later than 14 calendar days before arrival at GCPO).

B. The advance notice shall be on the Contractor's company letterhead, and identify the impending visit, showing who will be coming, the purpose of the visit, who the person(s) will be visiting, and both the date and the duration of the visit. The notice shall also contain the contract (or solicitation) number and title of the contract (or solicitation).

C. Send the notice to: GCPO Physical Security; and the Contracting Officer's Representative (COR) (to be assigned upon award). E-mail notices can be sent to **IBR1GCPDPhysSec@usbr.gov.**

(2) For visits or deliveries by foreign national personnel to other Columbia-Pacific Northwest (C-PN) Region dams, powerplants, and facilities, the Contractor shall follow the same procedures as above, however, send the notice to the following person: the Contracting Officer's Representative (COR) (to be assigned upon award).

H.3. Contractor Performance Assessment Reporting System (Dec 2015)

1) FAR 42.1502 directs all Federal agencies to collect past performance information on contracts. The Department of the Interior (DOI) has implemented the Contractor Performance Assessment Reporting System (CPARS) to comply with this regulation. One or more past performance evaluations will be conducted in order to record your contract performance as required by FAR 42.15.

2) The past performance evaluation process is a totally paperless process using CPARS. CPARS is a web-based system that allows for electronic processing of the performance evaluation report. Once the report is processed, it is available in CPARS for Government use in evaluating past performance as part of a source selection action.

3) We request that you furnish the Contracting Officer (CO) with the name, position title, phone number, and email address for each person designated to have access to your firm's past performance evaluation(s) for the contract no later than 30 days after award. Each person granted access will have the ability to provide comments in the Contractor portion of the report and state whether or not the Contractor agrees with the evaluation, before returning the report to the

Assessing Official (AO). Information in the report must be protected as source selection sensitive information not releasable to the public.

4) When your Contractor Representative(s) are registered in CPARS, they will receive an automatically generated email with detailed login instructions. Further details, systems requirements, and training information for CPARS is available at https://www.cpars.gov/.

5) Within 60 days after the end of a performance period, the AO will complete an interim or final past performance evaluation, and the report will be accessible at https://www.cpars.gov/.

a) Contractor Representatives may then provide comments in response to the evaluation or return the evaluation without comment.

b) Your comments should focus on objective facts in the AO's narrative and should provide your views on the causes and ramifications of the assessed performance.

c) All information provided should be reviewed for accuracy prior to submission.

d) If you elect not to provide comments, please acknowledge receipt of the evaluation by indicating "No comment" in the space provided, and then selecting “Accept the Ratings and Close the Evaluation”.

e) Your response is due within 60 calendar days after receipt of the CPAR. On day 15, the evaluation will become available in CPARS marked as “Pending” with or without comments and whether or not it has been closed.

f) If you do not sign and submit the CPAR within 60 days, it will automatically be returned to the Government and will be annotated: "The report was delivered/received by the contractor on (date). The contractor neither signed nor offered comment in response to this assessment."

6) The following guidelines apply concerning your use of the past performance evaluation:

a) Protect the evaluation as source selection information. After review, transmit the evaluation by completing and submitting the form through CPARS. If for some reason you are unable to view and/or submit the form through CPARS, contact the CO for instructions.

b) Strictly control access to the evaluation within your organization. Ensure the evaluation is never released to persons or entities outside of your control.

c) Prohibit the use of or reference to evaluation data for advertising, promotional material, pre-award surveys, responsibility determinations, production readiness reviews, or other similar purposes.

7) If you wish to discuss a past performance evaluation, you should request a meeting in writing to the CO no later than seven days following your receipt of the evaluation. The meeting will be held in person or via telephone or other means during your 60-day review period.

8) A copy of the completed past performance evaluation will be available in CPARS for your viewing and for Government use supporting source selection actions after it has been finalized.

H.4. Commencement, Prosecution, and Completion of Work

The Contractor shall be required to
(a) commence work under this contract within 10 calendar days after the date the Contractor receives the notice to proceed. Period of Performance of this IDIQ is 5 years after award of the base contract. Task Orders will have stand-alone Period of Performance. No Tak Orders will be placed after the base IDIQ expires,
(b) prosecute the work diligently, and
(c) complete the entire work ready for use by the completion date stated in the Task Order. The time stated for completion shall include final cleanup of the premises. Section 01 14 00 provides a tentative outage schedule. The contract period of performance is 5 years from the date of award in accordance with the terms and conditions provided in Clause 52.216-18 “Ordering”.

H.5. Variation in Estimated Quantity

If the quantity of a unit-priced item in this contract is an estimated quantity and the actual quantity of the unit-priced item varies more than 15 percent above or below the estimated quantity, an equitable adjustment in the contract price shall be made upon demand of either party. The equitable adjustment shall be based upon any increase or decrease in costs due solely to the variation above 115 percent or below 85 percent of the estimated quantity. If the quantity variation is such as to cause an increase in the time necessary for completion, the Contractor may request, in writing, an extension of time, to be received by the Contracting Officer within 10 days from the beginning of the delay, or within such further period as may be granted by the Contracting Officer before the date of final settlement of the contract. Upon the receipt of a written request for an extension, the Contracting Officer shall ascertain the facts and make an adjustment for extending the completion date as, in the judgement of the Contracting Officer, is justified.

H.6. Preconstruction Conference

If the Contracting Officer decides to conduct a preconstruction conference, the successful offeror will be notified and will be required to attend. The Contracting Officer’s notification will include specific details regarding the date, time, and location of the conference, any need for attendance by subcontractors, and information regarding the items to be discussed.

H.7. Procedures for Task Orders and Notice to Proceed

Task orders will be placed only by a Federally warranted Contracting Officer of the Bureau of

Reclamation Pacific Northwest Region of the Department of Interior. Insurance and Performance and Payment Bonds will be required within 10 business days for each separate task order award. Notice to Proceed (NTP) will be issued after receipt and approval of the required performance and payment bonds and insurance.

PART II CONTRACT CLAUSES

SECTION I CONTRACT CLAUSES

I.1. 52.252-2 Clauses Incorporated by Reference (Feb 1998) (DEVIATION May 2026)
This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es): Federal Acquisition Regulations: https://www.acquisition.gov/browse/index/far Department of Interior Acquisition Regulations: https://www.acquisition.gov/diar

I.2. 52.202-1 Definitions (Jun 2020)

I.3. 52.203-3 Gratuities (Apr 1984)

I.4. 52.203-5 Covenant Against Contingent Fees (May 2014)

I.5. 52.203-6 Restrictions on Subcontractor Sales to the Government (Jun 2020)

I.6. 52.203-7 Anti-Kickback Procedures (Jun 2020)

I.7. 52.203-8 Cancellation, Rescission, and Recovery of Funds for Illegal or Improper Activity (May 2014)

I.8. 52.203-10 Price or Fee Adjustment for Illegal or Improper Activity (May 2014)

I.9. 52.203-12 Limitations on Payments to Influence Certain Federal Transactions (Jun 2020)

I.10. 52.203-17 Contractor Employee Whistleblower Rights (Nov 2023)

I.11. 52.203-19 Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements (Jan 2017)

I.12. 1452.203-70 Restrictions on Endorsements – Department of the Interior (Jul 1996)

I.13. DOI-AAAP-0081 Security Requirements: Facility Access Information Technology (Aug 2016)

(a) All Contractor employees must have an "Enter on Duty" (EOD) approval issued by the Bureau Personnel Security Office (PSO) before they begin performing work on any Bureau contract. The Contractor must ensure that all employees requesting an EOD are citizens of the United States of America, or an alien who has been lawfully admitted for permanent residence or employment (indicated by immigration status) as evidenced by Immigration and Naturalization Service documentation and the employee must have resided in the United States for a minimum of 3 years. The EOD may be issued in advance of a completed Background Investigation and may be rescinded by the PSO at any time. However, all contractors who require network access

are required to complete the identity proofing process, and must be able to obtain a successfully adjudicated National Criminal History Check (NCHC) and National Agency Check with Inquiries (NACI) of higher to stay on the contract.

(b) Starting Work – Contractor employees with an approved EOD may begin performing unsupervised work on Bureau contracts. To remain on the contract, the Contractor employees will need a completed favorable Background Investigation.

(c) Rescission of EOD – The PSO may rescind the EOD at any time. This may occur as the result of additional information obtained or the final results of the background investigation.

(d) Background Investigation – Contractor employees who will have unsupervised access to Bureau facilities, access to the Department of Interior (DOI) information technology (IT) systems or DOI data, or will develop custom applications, must have a favorably adjudicated background investigation from the Office of Personnel Management (OPM). Existing clearances at the same or higher level are acceptable upon the PSO's review and approval. If the employee does not already have a complete investigation, they must apply for one. The employee may begin work with an EOD, but must receive a favorable background investigation to continue working on the contract. The background investigation includes obtaining fingerprints through a USAccess Credentialing Center for an FBI criminal history and a credit report. Once the investigation has been scheduled by OPM, the Bureau will receive advance reports. If those reports are favorable, the Bureau PSO will issue the EOD. The type of background investigation required is based on the risk/sensitivity level designation. Citizenship requirements and guidance for determining the appropriate type of background investigation required for the designated risk/sensitivity level are contained in DOI Departmental Manual (DM) Part 441. The DM is available on the Internet at https://www.doi.gov/document-library/departmental-manual/441-dm-3-position-risk-and-sensitivity-level-designation.

(e) Electronic Questionnaire for Investigations Processing (e-QIP) – The Bureau uses the e-QIP for all background investigations or reinvestigations. To initiate an investigation, the Contractor, in collaboration with the COR, will complete and e-QIP Request Form. This request form is available through the COR. The COR will submit the completed request form to the Bureau PSO. The PSO will enter the information into e-QIP to either establish a new applicant profile or determine if an existing investigation that meets Bureau requirements is on file. The PSO will then contact the applicant to provide additional information and instructions. Generally, the Contractor is required to complete the following forms:

- e-QIP application (on-line)
- Fair Credit Release
- OF-306
- Fingerprints via USAccess Credentialing Centers

The Contractor shall complete the required background investigation forms and submit them to the PSO. The PSO shall determine if individuals meet the required background investigation standards and citizenship requirements, and then make a suitability determination. Minimum standards used in suitability determinations are contained in the DOI Departmental Manual Part

441. The Government will pay for any background investigations required for contractor employees. If the Contractor employee's background investigation is returned as unfavorable, the Government reserves the right to request reimbursement of the actual costs for the investigation from the Contractor.

(f) Reinvestigation – Contractor employees occupying high risk public trust positions must be reinvestigated every 5 years. A reinvestigation may be initiated prior to the normal periodic reinvestigation schedule when an individual's continued ability to meet the minimum background investigation standards is in question. The electronic fingerprints on file in the USAccess system will be electronically submitted to OPM for the reinvestigation. The PSO shall review the records and documentation and make the suitability determination.

(g) Disputes – In the event of a disagreement between the Contractor and the Government concerning the suitability of a particular employee to perform work under this contract, the Government has the right of final determination. Determinations under this requirement are subject to the Disputes Clause, FAR 52.233-1. Failure of the Contractor to comply with the requirements of this clause could constitute grounds for termination for default.

(h) Physical Security Requirements – DOI Access Cards.

(1) Contractor employees must have a DOI Access Card before being given unsupervised access to a Government facility.

(2) To gain unsupervised access to Government facilities, Contractor employees must present their DOI Access Card for examination by the security guard or electronically authenticate their DOI Access Card, as required. Contractor employees must keep their DOI Access Card in a shielded card holder, and visually display the card at all times while in the facility. Refusal or repeated neglect to display the DOI Access Card may result in limiting Contractor employee's access to Government facilities or revoking of authorized access.

(3) When a Contractor employee is no longer working under this award, the Contractor is responsible for returning all DOI Access Cards, keys, and other Government property issued to that employee. The Contractor shall coordinate all returns with the COR. The COR is responsible for ensuring the Contractor complies with these requirements. However, failure by the Contractor to comply with these requirements may result in the Contractor's liability for all costs associated with correcting any resultant breech in building security.

(i) Issuance & Maintenance – DOI Access Cards

(1) Process: To obtain a DOI Access Card the COR will use the online DOIAccess System to initiate the access request. Contractor employees will receive email notifications to enroll at a USAccess Credentialing Center with two forms of identification, and after adjudication, a second email notification to pick up and activate their DOI Access Card. The Contractor employee shall schedule an enrollment appointment at a USAccess Center at least two weeks prior to the targeted EOD.

(2) Contractor Responsibilities: Contractor employees must complete actions in a timely manner to prepare for on-boarding and access to DOI network resources. The Contractor shall allow their personnel sufficient time to schedule and attend an enrollment appointment at the USAccess Center prior to the contract start date. If the Contractor employee's DOI Access Card becomes lost or stolen, the Contractor employee shall notify the COR immediately to request a new DOI Access Card.
(3) COR Responsibilities: The COR (or designated individual) and Contractor shall maintain a list of all Contractor employees who received a DOI Access Card, the date the card was issued, the date the electronic certificates expire (3 years from issue date), and the date the DOI Access Card expires (5 years from issued date). If the Contractor employee's DOI Access Card of certificates will expire before the contract is completed, the COR (or designated individual) and Contractor are responsible for ensuring that the Contractor employee visits a USAccess Center to update certificates on the existing card or obtain a new DOI Access Card. No later than one week prior to the DOI Access Card's certificate or card expiration, the COR (or designated individual) shall notify the Contractor that DOI Access Card actions are required. The COR (or designated individual) and the Contractor shall update their listing to reflect the new issue date, certificate expiration date and card expiration date.

(j) Information Technology Security Requirements.

(1)Training – If Contractor employees require access to any DOI/IT systems, the Contractor shall ensure its employees complete all Bureau/DOI required IT security training. The Contractor's employees shall complete this training before being granted access to Bureau/DOI data or being issued network access. The current training requirements are: (i) annual end-user IT Security Awareness, (ii) annual IT Resources Rules of Behavior, and (iii) annual Role-Based Security training for IT professionals. The Contractor shall comply with all Bureau/DOI IT security training requirements in effect during contract performance. The COR will notify the Contractor of all Bureau mandatory IT training. The Contractor shall submit training completion certificates to the COR for all required training. Failure to meet this training requirement may result in removal of the Contractor employee from the contract. The Bureau will determine if the Contractor can later return to the contract.

(2) Access to Contractor's Facilities for IT audit purposes – The Contractor shall afford Bureau and the Department of the Interior Office of Inspector General access to the Contractor's and subcontractor's facilities, installations, operations, documentation, databases, and personnel used in performance of the contract. Access shall be provided to the extent required to carry out a program of IT inspection, investigation, and audit that will safeguard against threats and hazards to the integrity, availability, and confidentiality of Government data or to the function of computer systems operated on behalf of the Government and to preserve evidence of computer crime. If the Contractor questions the Government employee's right to access its facilities, it should contact the CO for resolution.

(3) Contractor Location – Custom software development and outsourced operations shall be located in the United States to the maximum extent practical. If such services are proposed to be performed abroad, the Contractor shall provide an acceptable security plan that addresses the

mitigation of problems related to communication, control, and protecting the confidentiality, integrity, and availability of IT systems and information.

(4) Applicable Standards – The Contractor shall follow all applicable Federal, DOI, and Bureau Bulletins, Directives, Guidelines, Manuals, Processing Standards, Memoranda, Policies and Standards, applicable OMB Memoranda, and all current National Institute of Standards & Technology (NIST) Special Publications. To comply with Federal Acquisition Regulation Subpart 39.101(d), Contractors shall use the common security configurations available from the NIST website at http://checklists.nist.gov. NIST documents are available on the internet at http://csrc.nist.gov/publications/PubsSPs.html. OMB Memoranda are available on the internet at http://www.whitehouse.gove/omb/memoranda/. The Contractor shall request copies of DOI and Bureau documents by contacting the COR.

(5) Incident Reporting – The Contractor shall immediately report computer security incidents affecting Bureau/DOI data and systems in accordance with the Bureau Computer Incident Response policy. The Contractor shall request copies of the Bureau Computer Incident Response policy by contacting the COR.

(6) Assessment and Authorization (A&A) and Continuous Monitoring – The Contractor shall comply with Bureau policy when developing, upgrading, modifying or supporting applications and/or systems that require A&A and Continuous Monitoring. The Contractor shall request copies of Bureau A&A policy by contacting the COR. The A&A requirement does not apply when the Contractor's employees merely access data or have "read only" access.

(k) Documentation – The Contractor shall document all work performed and ensure that the appropriate Assessment and Authorization (A&A) documents are updated to reflect the work performed and the current state of Bureau systems and networks. The Documentation requirement does not apply when the Contractor's employees merely access data or have "read only" access.

(l) Personnel Changes, Contractor Request – The Contractor shall immediately notify the COR and PSO when an employee is reassigned or leaves the Contractor's employment and prior to any termination. The Contractor must adhere to the Bureau or Office's mandatory exit clearance procedure. Once the COR has been notified that a Contractor employee is leaving the contract, the COR will initiate the exit clearance process in the DOIAccess System and forward to the Contractor the necessary instructions and form required to be completed prior to the Contractor's employee's departure. This form must be completed by the Contractor's employee and signed by both the Contractor's employee and the COR and then forwarded to the bureau/office specific program responsible for employee, volunteer, and contractor departures.

(m) Personnel Removal, Government Request – The Government retains the right to direct the Contractor to remove any prime or subcontractor personnel, regardless of prior clearance or background investigation adjudication status, whose actions, while assigned to this contract, clearly conflict with the security interests of the Government. The justification for the Government's direction to remove Contractor personnel will be documented and provided to the Contractor by the CO.

(n) Subcontract Inclusion – The requirements of this clause must be incorporated into any subcontract if the subcontractor's employee must have access to Bureau facilities.

I.14. 52.204-9 Personal Identity Verification of Contractor Personnel (Jan 2011) (DEVIATION Mar 2026)

I.15. 52.204-10 Reporting Executive Compensation and First-Tier Subcontract Awards (Jun 2020) (DEVIATION Mar 2026)

I.16. 52.204-13 System for Award Management Maintenance (Oct 2018) (DEVIATION Mar 2026)

I.17. 52.204-19 Incorporation by Reference of Representations and Certifications (Dec 2014) (DEVIATION Mar 2026)

I.18. 1452.204-70 Release of Claims – Department of the Interior (Jul 1996)

I.19. 52.209-6 Protecting the Government's Interest When Subcontracting With Contractors Debarred, Suspended, Proposed for Debarment, or Voluntarily Excluded (Jan 2025) (DEVIATION May 2026)

I.20. 52.209-9 Updates of Publicly Available Information Regarding Responsibility Matters (Oct 2018) (DEVIATION May 2026)

I.21. 52.209-10 Prohibition on Contracting with Inverted Domestic Corporations (Nov 2015) (DEVIATION May 2026)

I.22. 52.214-29 Order of Precedence-Sealed Bidding (Jan 1986)

I.23. 52.216-19 Order Limitations (Oct 1995)

(a) *Minimum order*. When the Government requires supplies or services covered by this contract in an amount of less than $2,500.00, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) *Maximum order*. The Contractor is not obligated to honor-

(1) Any order for a single item in excess of $1,400,000.00;

(2) Any order for a combination of items in excess of $1,400,000.00*;* or

(3) A series of orders from the same ordering office within 30 days that together call for quantities exceeding the limitation in paragraph (b)(1) or (2) of this section.

(c) If this is a requirements contract (*i.e.,* includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not

required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 30 days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

I.24. 52.216-22 Indefinite Quantity (Oct 1995)

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum." The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum."

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; *provided*, that the Contractor shall not be required to make any deliveries under this contract after 5 years from the date of contract award.

I.25. 52.219-6 Notice of Total Small Business Set-Aside (Nov 2020) (DEVIATION Jan 2026)

I.26. 52.219-8 Utilization of Small Business Concerns (Jan 2025) (DEVIATION Jan 2026)

I.27. 52.219-14 Limitations on Subcontracting (Oct 2022)

I.28. 52.222-3 Convict Labor (Jun 2003) (DEVIATION May 2026)

I.29. 52.222-4 Contract Work Hours and Safety Standards – Overtime Compensation (May 2018) (DEVIATION May 2026)

I.30. 52.222-6 Construction Wage Rate Requirements (Aug 2018) (DEVIATION May 2026)

I.31. 52.222-7 Withholding of Funds (May 2014) (DEVIATION May 2026)

I.32. 52.222-8 Payrolls and Basic Records (Jul 2021) (DEVIATION May 2026)

I.33. 52.222-9 Apprentices and Trainees (Jul 2005) (DEVIATION May 2026)

I.34. 52.222-10 Compliance with Copeland Act Requirements (Feb 1988) (DEVIATION May 2026)

I.35. 52.222-11 Subcontracts (Labor Standards) (May 2014) (DEVIATION May 2026)

I.36. 52.222-12 Contract Termination – Debarment (May 2014) (DEVIATION May 2026)

I.37. 52.222-13 Compliance with Construction Wage Rate Requirements and Related Regulations (May 2014) (DEVIATION May 2026)

I.38. 52.222-14 Disputes Concerning Labor Standards (Feb 1988) (DEVIATION May 2026)

I.39. 52.222-15 Certification of Eligibility (May 2014) (DEVIATION May 2026)

I.40. 52.222-35 Equal Opportunity for Veterans (Jun 2020) (DEVIATION May 2026)

I.41. 52.222-36 Equal Opportunity for Workers with Disabilities (Jun 2020) (DEVIATION May 2026)

I.42. 52.222-37 Employment Reports on Veterans (Jun 2020) (DEVIATION May 2026)

I.43. 52.222-40 Notification of Employee Rights Under the National Labor Relations Act (Dec 2010) (DEVIATION May 2026)

I.44. 52.222-50 Combating Trafficking of Persons (Nov 2021) (DEVIATION May 2026)

I.45. 52.222-54 Employment Eligibility Verification (Jan 2025) (DEVIATION May 2026)

I.46. 52.222-55 Minimum Wages for Contractor Workers Under Executive Order 14026 (Jan 2022) (DEVIATION May 2026)

I.47. 52.222-62 Paid Sick Leave Under Executive Order 13706 (Jan 2022) (DEVIATION May 2026)

I.48. 52.222-90 Addressing DEI Discrimination by Federal Contractors (Apr 2026)

I.49. 52.223-3 Hazardous Material Identification and Material Safety Data (Feb 2021), Alternate I (Jul 1995) (DEVIATION May 2026)

I.50. 52.223-5 Pollution Prevention and Right-to-Know Information (May 2024) (DEVIATION May 2026)

I.51. 52.223-23 Sustainable Products and Services (May 2024) (DEVIATION May 2026)

I.52. WBR 1452.223-80 Asbestos Free Warranty – Bureau of Reclamation (Aug 2021)

(a) The Contractor warrants that all items delivered, or work required by the contract, shall be free of asbestos in any form whatsoever.

(b) The Contractor may request the Contracting Officer to approve an exception to this prohibition when an asbestos-free product is not available. Such requests shall be fully documented and submitted as soon as possible after the contractor determines that an asbestos-free product is not available.

I.53. WBR 1452.223-81 Safety and Health – Bureau of Reclamation (Oct 2022)

(a) The Contractor shall not require any person employed in the performance of this contract (including subcontracts) to work under conditions which are unsanitary, hazardous, or dangerous to an employee's health or safety.

(b) Contractor shall comply with the most current version of the Bureau of Reclamation's Reclamation Safety and Health Standards (RSHS) and, if incorporated, 52.236-13 Accident Prevention.

The RSHS manual shall be obtained at:

http://www.usbr.gov/safety/rshs/index.html

(c) Comply with the standards (29 CFR) issued by the Occupational Safety and Health Administration (OSHA), U.S. Department of Labor, www.osha.gov.

(d) In the event there is a conflict between the requirements contained in paragraphs (b) and (c) referenced herein, or in the Statement of Work (SOW) or Performance Work Statement (PWS), the more stringent requirement shall prevail.

(e) If required in the SOW or PWS, the Contractor shall submit a written proposed safety program as prescribed in the RSHS and the written specifications.

(f) The Contractor shall maintain an accurate record of and shall report to the Contracting Officer (or authorized representative) in the manner prescribed by the Contracting Officer, all cases of death, occupational diseases, or traumatic injury to employees or the public involved, and property damage in accordance with the RSHS and OSHA guidelines.

(g) If the contractor deems that an updated version of the RSHS constitutes a substantive change to the contract, affecting price or time (or both), the contractor may request a contract modification in accordance with the terms of the contract.

I.54. 52.225-9 Buy American – Construction Materials (Oct 2022)

(a) *Definitions*. As used in this clause—

Commercially available off-the-shelf (COTS) item—

(1) Means any item of supply (including construction material) that is–

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

Cost of components means—

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

Critical component means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

Critical item means a domestic construction material or domestic end product that is deemed critical to U.S. supply chain resiliency. The list of critical items is at FAR 25.105.

Domestic construction material means—

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both-

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if–

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all components used in such construction material. The cost of foreign iron and steel includes but is not limited to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the construction material and a good faith estimate of

the cost of all foreign iron or steel components excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components".

Fastener means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners are nuts, bolts, pins, rivets, nails, clips, and screws.

Foreign construction material means a construction material other than a domestic construction material.

Foreign iron and steel means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

Predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Domestic preference.

(1) This clause implements 41 U.S.C. chapter 83, Buy American, by providing a preference for domestic construction material. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy American statute is waived for construction material that is a COTS item, except that for construction material that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the construction materials, excluding COTS fasteners. (See FAR 12.505(a)(2)). The Contractor shall use only domestic construction material in performing this contract, except as provided in paragraphs (b)(2) and (b)(3) of this clause.

(2) This requirement does not apply to information technology that is a commercial product or to the construction materials or components listed by the Government as follows:

None

(3) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(2) of this clause if the Government determines that-

(i) The cost of domestic construction material would be unreasonable.

(A) *For domestic construction material that is not a critical item or does not contain critical components*.

(1) The cost of a particular domestic construction material subject to the requirements of the Buy American statute is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent;

(2) For construction material that is not a COTS item and does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that is manufactured in the United States and does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest offer of foreign construction material that exceeds 55 percent domestic content as a domestic offer and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(A)*(1)* of this clause.

(3) The procedures in paragraph (b)(3)(i)(A)*(2)* of this clause will no longer apply as of January 1, 2030.

(B) *For domestic construction material that is a critical item or contains critical components*.

(1) The cost of a particular domestic construction material that is a critical item or contains critical components, subject to the requirements of the Buy American statute, is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent plus the additional preference factor identified for the critical item or construction material containing critical components listed at FAR 25.105.

(2) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest foreign offer of construction material that is manufactured in the United States and exceeds 55 percent domestic content as a domestic offer, and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(B)*(1)* of this clause.

(3) The procedures in paragraph (b)(3)(i)(B)*(2)* of this clause will no longer apply as of January 1, 2030.

(ii) The application of the restriction of the Buy American statute to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American statute.

(1)

(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(3) of this clause shall include adequate information for Government evaluation of the request, including-

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American statute applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute.

(d) *Data*. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Price Comparison			
Construction Material Description	Unit of Measure	Quantity	Price (dollars)*
Item 1:			
Foreign construction material	_____	_____	_____
Domestic construction material	_____	_____	_____
Item 2:			
Foreign construction material	_____	_____	_____
Domestic construction material	_____	_____	_____
[* *Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued)*]. I.58. 52.227-1 Authorization and Consent (Jun 2020)

I.59. 52.227-2 Notice and Assistance Regarding Patent and Copyright Infringement (Jun 2020)

I.60. 52.227-4 Patent Indemnity – Construction Contracts (Dec 2007)

I.61. 52.227-17 Rights in Data – Special Works (Dec 2007)

I.62. 52.228-2 Additional Bond Security (Oct 1997)

I.63. 52.228-5 Insurance – Work on a Government Installation (Jan 1997)

I.64. 52.228-11 Individual Surety—Pledge of Assets (Feb 2021)

I.65. 52.228-12 Prospective Subcontract Requests for Bonds (Dec 2022)

I.66. 52.228-14 Irrevocable Letter of Credit (Nov 2014)

I.67. 52.228-15 Performance and Payment Bonds – Construction (Jun 2020)

I.68. 1452.228-70 Liability Insurance – Department of the Interior (Jul 1996)

(a) The Contractor shall procure and maintain during the term of this contract and any extension thereof liability insurance in form satisfactory to the Contracting Officer by an insurance company which is acceptable to the Contracting Officer. The named insured parties under the policy shall be the Contractor and the United States of America. The amounts of the insurance shall be not less than as follows:

$200,000.00 each person

$500,000.00 each occurrence

$100,000.00 property damage

(b) Each policy shall have a certificate evidencing the insurance coverage. The insurance company shall provide an endorsement to notify the Contracting Officer 30 days prior to the effective date of cancellation or termination of the policy or certificate; or modification of the policy or certificate which may adversely affect the interest of the Government in such insurance. The certificate shall identify the contract number, the name and address of the

Contracting Officer, as well as the insured, the policy number and a brief description of contract services to be performed. The contractor shall furnish the Contracting Officer with a copy of an acceptable insurance certificate prior to beginning the work.

I.69. 52.229-3 Federal, State, and Local Taxes (Feb 2013) (DEVIATION Jan 2026)

I.70. 52.229-11 Tax on Certain Foreign Procurements-Notice and Representation (Jun 2020) (DEVIATION Jan 2026)

I.71. 52.229-12 Tax on Certain Foreign Procurements (Feb 2021) (DEVIATION Jan 2026)

I.72. 52.232-5 Payment under Fixed-Price Construction Contracts (May 2014)

I.73. 52.232-17 Interest (May 2014)

I.74. 52.232-23 Assignment of Claims (May 2014)

I.75. 52.232-27 Prompt Payment for Construction Contracts (Jan 2017)

I.76. 52.232-33 Payment by Electronic Funds Transfer – System for Award Management (Oct 2018)

I.77. 52.232-39 Unenforceability of Unauthorized Obligations (Jun 2013)

I.78. 52.232-40 Providing Accelerated Payments to Small Business Subcontractors (Mar 2023)

I.79. WBR 1452.232-81 Payment for Mobilization and Preparatory Work – Bureau of Reclamation (Mar 2022), Alternate II (Mar 2022)

(a) General. Payment for the Mobilization and Preparatory Work line item of the schedule will be made as reflected herein. To the extent that this line item exceeds the percentage of total contract pricing as estimated by the Contracting Officer in WBR 1452.236-85, Instruction for Mobilization and Preparatory Work Schedule Line Item, payment will be made as reflected in Section (d)(5) below. Reclamation will make payment to the Contractor in accordance with this clause for operations including, but not limited to, those necessary for --

(1) Movement of personnel, equipment, supplies, and incidentals to the project site;

(2) The establishment of offices, buildings, plants and other facilities, at the site (excludes temporary buildings (e.g. storage sheds, shops, offices) and utilities listed in the Operations and Storage Areas clause of this contract;

(3) Payment of premiums for project bonds and insurance; and

(4) Other work and operations which must be performed or costs incurred incident to the initiation of meaningful work at the site and for which the contract does not otherwise provide for payment.

(5) Approved detailed logic diagram(s) and the baseline schedule.

(b) Facilities and equipment covered by mobilization work.

(1) All facilities, plant, and equipment which are established at, or brought to, the site shall be deemed to be subject to the provisions of this paragraph unless the Contracting Officer specifically provides other written authorization for a particular item or items.

(2) The Contractor shall be solely responsible for the adequacy, efficiency, use, protection, maintenance, repair, and preservation of all facilities, plant, and equipment on site.

(3) The facilities, plant, and equipment covered by this paragraph shall not be dismantled or removed from the site prior to completion of the work under the contract without the written authorization of the Contracting Officer.

(c) Termination for default. Should the Contractor be terminated for default as provided by the Default clause of this contract --

(1) All facilities, plant, and equipment on the site shall be subject to the Government's right to take possession of and utilize such items for the purpose of completing the work;

(2) The Contractor shall provide evidence of encumbrances, liens, or other security interests, to the Contracting Officer; and

(3) Any encumbrance, lien, or other security interest on such facilities, plant, or equipment shall be subordinated to the Government's rights under the Default clause of this contract to utilize all facilities, plant, and equipment to complete the work under the contract.

(d) Payment. Payment for mobilization and preparatory work under paragraph (a) of this clause shall be made at the contractor lump-sum price for this item as contained in the Schedule. Progress payments for mobilization and preparatory work shall be made as follows --

(1) In accordance with paragraph (g) of the Payments under Fixed Price Construction Contracts clause of this contract and upon submission of a proper invoice, the Government will reimburse the Contractor for the total amount of premiums paid for performance and payment bonds as required by the Performance and Payment Bond Requirements clause of this contract and for any insurance which is specified as payable by the Government under this contract.

(2) Except as provided in (d)(1) above, progress payments for mobilization and preparatory work shall not be considered a separate division of work for the purposes of progress payments and shall be subject to retainage before payment of the total amount for this contract line item.

(3) When progress payments totaling percent of the total original schedule amount on a schedule have been made by the Government for all other work accomplished under that schedule, the Government shall pay the Contractor percent of the mobilization and preparatory work schedule line item amount or percent of the total original schedule amount (whichever is the lower) exclusive of any payment already made to the Contractor for performance and payment bond premiums and specified insurance under subparagraph (d)(1) of this clause.

(4) When progress payments totaling 5 percent of the total original schedule amount on a schedule have been made by the Government for all other work accomplished under the schedule, the balance of the amount for the mobilization and preparatory work schedule line item or 50 percent of the total original schedule amount (whichever is the lower) shall be paid to the contractor.

(5) If the schedule amount for mobilization and preparatory work on a schedule exceeds the total of the payments allowed under (3) and (4) above, the balance shall be paid when the schedule work is substantially complete as determined by the Contracting Officer.

I.80. Projection of Invoices – Bureau of Reclamation – C-PN Region (Mar 2000)

The contractor shall provide to the Contracting Officer a projection of the amounts for which it will submit invoices for payment, on a monthly basis. The contractor shall update this projection each month and provide the updated projection with its invoice. (If no invoice is submitted for a particular month, then an update is not required.)

I.81. 52.233-1 Disputes (May 2014), Alternate I (Dec 1991)

I.82. 52.233-3 Protest After Award (Aug 1996)

I.83. 52.233-4 Applicable Law for Breach of Contract Claim (Oct 2004)

I.84. 52.236-2 Differing Site Conditions (Apr 1984) (DEVIATION Jan 2026)

I.85. 52.236-3 Site Investigation and Conditions Affecting Work (Apr 1984) (DEVIATION Jan 2026)

I.86. 52.236-5 Material and Workmanship (Apr 1984) (DEVIATION Jan 2026)

I.89. 52.236-8 Other Contracts (Apr 1984) (DEVIATION Jan 2026)

I.90. 52.236-9 Protection of Existing Vegetation, Structures, Equipment, Utilities, and Improvements (Apr 1984) (DEVIATION Jan 2026)

I.91. 52.236-10 Operation and Storage Areas (Apr 1984) (DEVIATION Jan 2026)

I.92. 52.236-11 Use and Possession Prior to Completion (Apr 1984) (DEVIATION Jan 2026)

I.93. 52.236-12 Cleaning Up (Apr 1984) (DEVIATION Jan 2026)

I.94. 52.236-13 Accident Prevention (Nov 1991), Alternate I (Nov 1991) (DEVIATION Jan 2026)

I.95. 52.236-14 Availability and Use of Utility Services (Apr 1984) (DEVIATION Jan 2026)

I.96. 52.236-16 Quantity Surveys (Apr 1984)

I.97. 52.236-17 Layout of Work (Apr 1984) (DEVIATION Jan 2026)

I.98. 52.236-21 Specifications and Drawings for Construction (Feb 1997), Alternate II (Apr 1984) (DEVIATION Jan 2026)

I.99. WBR 1452.236-84 Preservation of Cultural Resources – Bureau of Reclamation (Mar 2022)

(a) Definitions.

"Cultural items" as defined by Native American Graves Protection and Repatriation Act (NAGPRA) include Native American human remains, funerary objects, sacred objects, and objects of cultural patrimony.

"Cultural resources" is a broad term that includes prehistoric, historic, architectural, and traditional cultural properties; specific items include, but are not limited to, human skeletal remains, archaeological artifacts, records, and material remains related to such properties.

"Funerary objects" means Native American items that, as part of the death rite or ceremony of a culture, are reasonably believed to have been placed intentionally at the time of death or later with or near individual human remains.

"Human remains" means the physical remains of the body of a person.

"Native American" means of, or relating to, a tribe, people, or culture that is indigenous to the United States.

"Sacred objects" means Native American items that are specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions by their present-day adherents. These items are specifically limited to objects that were devoted to a traditional Native American religious ceremony or ritual and which have religious significance or function in the continued observance or renewal of such ceremony.

"Objects of cultural patrimony" means Native American items having ongoing historical, traditional, or cultural importance central to the Native American tribe or Native Hawaiian organization itself, rather than property owned by an individual tribal or organization member. These objects are of such central importance that they may not be alienated, appropriated, or conveyed by any individual tribal or organization member.

(b) General. Federal legislation provides for the protection and preservation of cultural resources that may be impacted or altered as a result of any Federal project, activity, or program or federally licensed or assisted project, activity, or program.

(c) Discovery of Resources. Should the Contractor, or any of the Contractor's employees, subcontractors, or parties operating or associated with the Contractor, in the performance of this contract discover evidence of possible cultural resources, the Contractor shall immediately cease work at that location and provide oral notification to the contracting officer, giving location and nature of the findings. The Contractor shall forward a written report of findings to the Contracting Officer within 48 hours.

(i) If a cultural resource is determined by Reclamation to be a Native American cultural item, then the Contractor shall cease the activity in the area of the discovery, make a reasonable effort to protect the items discovered, and wait for written approval from the Contracting Officer before resuming activity.

(ii) If the discovery occurs on tribal lands, the Contractor shall immediately orally notify the responsible tribal official and the Contracting Officer and follow with written confirmation within 48 hours to the responsible tribal official and the contracting officer. (The contracting officer will supply the name and phone number of the tribal official.

(iii) The Contractor shall exercise care so as not to disturb or damage any cultural resources discovered during the execution of this contract and shall provide such cooperation and assistance as may be necessary to preserve the findings for removal or other disposition by Reclamation. The Contractor shall not resume work in the area of a discovery until written notice to proceed is received from the contracting officer.

(d) Approval of Use Areas and Borrow Sources. If the Contractor proposes to use a location other than an approved location (approved locations to be provided by the contracting officer), the location(s) must first be approved for use by the contracting officer. When considering an unapproved use area or borrow source, the Contractor shall submit a map showing the location to the contracting officer at least 45 calendar days in advance of any proposed use. The Contractor or his subcontractors shall take no action to use or alter the proposed location until written approval is provided by the contracting officer.

(e) Compensation for Delays. Where appropriate by reason of discovery, the contracting officer may order changes in the schedule or work. If such delays or changes are ordered, any equitable adjustment under the contract will be provided in accordance with the applicable clauses of the contract.

(f) Subcontractors. The Contractor shall insert this clause in all subcontracts that involve performance of work on job site terrain.

(g) Cost. Except as provided in subsection (e) above, the cost of complying with this contract clause shall be included in the prices offered in the schedule for other items of work.

(h) Government Access. The Contractor's arrangement with landowners shall permit the Government or its representatives access to the land to identify cultural resources and conduct appropriate inspections during the Contractor's use of the area or during material procurement.

I.100. WBR 1452.237-80 Security Requirements – Bureau of Reclamation (Mar 2022)

(a) General Security Requirements:

(1) This clause addresses security requirements, including general procedural requirements, information security requirements, contractor employee suitability requirements, identification card requirements, site security requirements, vessel exclusion barriers, and information technology security requirements. Within this clause,

COR means Contracting Officer's Representative. If there is no COR appointed and identified to the Contractor, the term instead will mean the Program Manager or any other authorized individual responsible for technical oversight under the contract. “Work site” means the Government facility, office, construction site, and any other area within the Government office or facility that the Contractor must access to accomplish work under this contract.

(2) The work performed under this contract shall only be accomplished by individuals (in the employment of the Contractor or any subcontractors) whose conduct and behavior is consistent with the efficiency of the Federal Service and the requirements of this contract, and who are acceptable to the contracting officer. If Reclamation finds a Contractor employee to be unsuitable or unfit for his or her assigned duties, the contracting officer will direct the Contractor to remove the individual from the contract and access to the Federal facility at which the contract activities are occurring.

(3) The Contractor’s employees governed by this contract may need access to sensitive information and/or sensitive areas. The Federal Government (Government) reserves the right, in its sole discretion, to determine suitability of Contractor personnel and deny access to any sensitive information or project specific area to any personnel for any cause.

(4) The Contractor is responsible for informing and ensuring compliance by its employees with any applicable security procedures of the Government facility where work may be performed under this contract.

(5) Any Contractor employee that will have access to a Federally-controlled facility or information system will be required to have a Government-issued identification card, consisting of a Personal Identity Verification (PIV) Card, a temporary identification card, or a visitor badge. (Note: within the Department of the Interior this card is known as a DOI Access Card.) During performance of the contract, the Contractor shall keep the COR apprised of any changes in personnel, or changes in personnel access or duration, to ensure that performance is not delayed by compliance with credentialing processes.

(6) A Contractor employee will not be provided access to a Government facility or information system until a Government PIV Card, temporary identification card, or visitor identification badge has been issued to the Contractor employee. For those individuals that will be receiving a PIV Card, the Government may, at its discretion, issue a temporary identification card or visitor identification badge after the electronic background investigation forms have been received and the investigation is initiated.

(7) All Contractor employees shall access the facility via the facility’s entry screening system and visibly display the Government-issued PIV Card, temporary identification card, or visitor identification badge at all times. Contractor employees must visibly wear the Government-issued identification card at all times they are on Government facilities. Contractor employees are responsible for the safekeeping of all Government-issued

identification cards, whether on-site or off-site. Cards that have been lost, damaged, or stolen must be reported to the COR and DOI Access Sponsor immediately, but not later than within 24 hours. The Contractor shall return all identification cards and card keys and any other Government property and information upon completion of performance or when personnel depart permanently or for a period of 7 days or more. The Contractor may be required to turn in access control cards or identification cards on a daily basis.

(8) Misuse or loss of access control or identification cards, or failure to comply with required surrender of such cards may, at Government discretion, result in Contractor personnel being denied access to the work site, at no cost to Government. The Contractor may be charged up to $500 for each occurrence for any required replacement of Government-issued access control or identification cards due to loss or misuse. At the end of contract performance, or when a Contractor employee is no longer working under this contract, the Contractor shall ensure that all access control and identification cards are returned to the COR.

(9) All Contractor personnel, including subcontractor personnel, with access to the work site shall be U.S. citizens or foreign individuals legally residing in, or legally admitted to, the U.S. For all non-U.S. citizens working under this contract, irrespective of length of time working on the contract, the Contractor shall provide to the COR, legible and valid copies of the individual's passport and visa (unless individual is on the Visa Waiver Program) a minimum of 14 calendar days prior to beginning work or arriving at the facility. A driver's license is not acceptable identification. In addition, a completed form I-94 shall be submitted to the COR upon the individual's arrival at the work facility and prior to beginning work.

(10) The Contractor shall report all contacts with entities, individuals, and counsel/representatives (including foreign entities and foreign nationals) who seek in any way to obtain unauthorized access to sensitive information or areas. The Contractor shall report any violations of contract provisions, laws, executive orders, regulations, and guidance to the contracting officer. The Contractor shall report any information raising a doubt as to whether an individual's eligibility for continued employment or access to sensitive information is consistent with the interests of National Security and the Public Trust.

(11) Unsanctioned, negligent, or willful inappropriate action on the part of the Contractor (or its employees) may result in termination of the contract or removal of some Contractor employees from Reclamation facilities at no cost to the Government. These actions include, but are not limited to, exploration of a sensitive system and/or information, introduction of unauthorized and/or malicious software, inappropriate release of sensitive information, or failure to follow prescribed access control policies and/or security procedures. Failure to comply with Reclamation policies, procedures, or other published security requirements may result in termination of the contract or

removal of some contracted employees from Reclamation buildings and/or facilities at no cost to the Government.

(12) All provisions of this clause shall equally apply to all subcontractors. The Contractor shall incorporate the substance of this clause in all subcontracts.

(13) These security requirements apply to all sections of this Contract including Contract Drawings and other Contract Specifications as applicable. Related documents include other general provisions of Construction or Operations and Maintenance type Contracts, including FAR clauses by reference or as amended by related documents.

(b) Information Security Requirements.

(1) Sensitive Information. The term "sensitive information" means any information which warrants a degree of protection and administrative control as defined by Reclamation or that meets the criteria for exemption from public disclosure set forth under Sections 552 and 552a of Title 5, United States Code: the Freedom of Information Act and the Privacy Act. Sensitive information is generally categorized as CONTROLLED UNCLASSIFIED INFORMATION (CUI), but in some cases may include other unclassified information. (The protection of National Security information is beyond the scope of this clause. If any work on National Security information is required under this contract, it is addressed under other contract clauses.) The Contractor shall protect this type of information from unauthorized release into public domain, or to unauthorized persons, organizations, or subcontractors. Information which, either alone or in aggregate, is deemed sensitive by Reclamation shall be handled and protected in accordance with Reclamation Directives and Standards SLE 02-01 Identifying and Safeguarding Controlled Unclassified Information (CUI), which is available from the COR or at http://www.usbr.gov/recman/DandS.html#sle.

(i) Any Government-furnished information or material does not become the property of the Contractor and may be withdrawn at any time. Upon expiration or termination of the contract, all documents released to the Contractor and any material created using data from such documents shall be returned to the COR for final disposition. Government-furnished information residing on any electronic systems (laptops, servers, desktops, media) shall be deleted from those systems using a COR-approved data erasure solution. Only with prior authorization from the contracting officer may the Contractor retain the material. The Contractor or subcontractor shall not disclose or release the materials provided to the Contractor to any individuals of the Contractor's organization not directly engaged in providing services under the contract or that do not have a valid need-to-know. All technical data provided to the Contractor by the Government shall be protected from public or private disclosure in accordance with the markings printed on them. All other information relating to the items to be delivered or the services to be performed under this contract shall not be disclosed by any means

without prior approval of the contracting officer. Prohibited dissemination or disclosure includes, but is not limited to: permitting access to such information by foreign nationals or by immigrant aliens who may be employed by the Contractor, publication of technical or scientific papers, advertising, disclosure to Contractor staff not investigated and deemed acceptable at the appropriate information sensitivity level, and any other public release. The Contractor shall maintain, and furnish upon request of the contracting officer, records of the names of individuals who have access to sensitive material in its custody and the sensitive material to which the individuals had access. All questions regarding information security, access, and control shall be referred to the COR.

(ii) The Contractor shall not release to anyone outside the Contractor's organization any sensitive, or otherwise protected information, regardless of medium in which it is contained (for example, film, tape, document, electronic), pertaining to any part of this contract or any Reclamation program or activity, unless the contracting officer has given prior written approval. This includes, but is not limited to, news releases, marketing promotions, articles, interviews, reports, social media posts, and any other media releases. Requests for approval shall identify the specific information to be released, the medium to be used, the purpose for the release, and a description of the need-to-know. The Contractor shall submit its request to the contracting officer ten business days before the proposed date for release. Subcontractors shall submit requests for authorization to release through the prime Contractor to the contracting officer.

(iii) The Contractor shall notify the COR immediately when known or suspected loss/compromise of sensitive information or other documents, notes, drawings, sketches, reports, photographs, exposed film or similar information which may affect the security interests of Government has occurred. This requirement extends to employees and other personnel working on behalf of the Contractor, and expands responsibility to include prompt reporting of security issues, including observed or subsequently discovered efforts by unauthorized persons to gain unauthorized access to sensitive information.

(2) Classified Information.

(i) The disclosure of U.S. Government documents by third parties can result in damage to our national security. While this contract may not deal directly with classified information, each contractor is obligated to protect classified information pursuant to all applicable laws and to use Government information technology systems in accordance with agency procedures so that the integrity of such systems is not compromised.

(ii) Unauthorized disclosures of classified documents (whether in print, on a blog, or on websites, or other electronic or non-electronic media) do not alter the

documents' classified status or automatically result in declassification of the documents. To the contrary, classified information, whether or not already posted on public websites or disclosed to the media, remains classified, and must be treated as such by Federal employees and contractors, until it is declassified by an appropriate U.S. Government authority. Executive Order 13526, Classified National Security Information (December 29, 2009), Section 1.1.(c) states, "Classified Information shall not be declassified automatically as a result of any unauthorized disclosure of identical or similar information." Although the Department has taken steps to prevent access to publicly disclosed classified materials from Departmental computers, it is important to understand our continuing duties and responsibilities in this regard.

(iii) Contractors (which include all employees of the contractor, as well as subcontractors and its employees performing work for the contractor) are reminded of the following obligations with respect to the treatment of classified information and the use of unclassified government information technology systems:

(iv) The contractor shall not, while using unclassified Government computers or other devices (such as phones or tablets) access documents that are marked classified (including classified documents made publicly available by a third party), as doing so risks that material still classified will be placed onto unclassified systems. This requirement does not restrict contractor access to unclassified, publicly available news reports (and other unclassified material) that may in turn discuss classified material, as distinguished from access to underlying documents that themselves are marked classified (including if the underlying classified documents are available on public web sites or otherwise in the public domain).

(v) For contracts that require access to classified information, the contractor is responsible for obtaining the required national security clearance through the Department of the Defense National Industrial Security Program Operating Manual (NISPOM). Any classified contracts will be coordinated through the Reclamation Chief Security Officer, or for IT requirements, the Bureau Chief Information Security Officer. No contractor shall access classified information unless proper clearances have been obtained and transmitted to Reclamation. For further information, refer to 443 DM 1 or DOD NISPOM 5220.22-M dated February 28, 2006 (incorporating change 2 dated May 18, 2016).

(vi) Classified information shall not be removed from official premises.

(vii) Classified information shall not be disclosed without proper authorization.

I.101. Implementation of Security Requirements – Construction Contract – Bureau of Reclamation – C-PN Region (Aug 2010)

(a) *Background*. This contract includes the clause at WBR 1452.237-80 entitled "Security Requirements – Bureau of Reclamation" which requires any Contractor employee that will have access to a Reclamation-controlled facility or information systems to have a Government-issued Personal Identity Verification (PIV) Card before being allowed unsupervised access to a Reclamation-controlled facility. The Government may also issue a temporary identification card or a visitor badge for contractor employees with supervised access.

(b) *Timing for Obtaining PIV Cards*. The Contractor may elect to obtain PIV Cards for all contractor and subcontractor personnel, whose duties will require access to a Reclamation-controlled facility, prior to arriving at the Reclamation facility. Alternately, prior to arriving at the Reclamation facility, the Contractor may obtain PIV Cards for a sufficient number of its on-site supervisors who will be responsible for providing monitoring and control of contractor and subcontractor staff who have been fingerprinted, have submitted all required PIV documentation, and have been granted a temporary access card at the facility pending issuance of their PIV cards. Supervision and control shall only be performed by an individual with an active DOI-issued PIV Card.

(c) *Instructions for Obtaining PIV Cards*. Policies, procedures, and detailed instructions for obtaining PIV Cards are available at https://www.commerce.gov/osy/programs/credentialing/hspd-12-credentialing.

(d) *Facility-specific Policies and Procedures*. The contractor shall comply with Hungry Horse Office procedures for on-site employees and contractors.

(e) *Payment*. The costs associated with complying with the clause at WBR 1452.237-80 entitled "Security Requirements – Bureau of Reclamation", including all costs associated with obtaining PIV Cards, shall be borne by the Contractor and included in the price bid for the CLIN identified as 'Mobilization and Preparatory Costs'.

I.102. 52.240-91 Security Prohibitions and Exclusions (DEVIATION Mar 2026)

I.103. 52.242-13 Bankruptcy (Jul 1995)

I.104. 52.243-4 Changes (Jun 2007) (DEVIATION Jan 2026)

I.105. 52.243-6 Change Order Accounting (Apr 1984) (DEVIATION Jan 2026)

I.106. WBR 1452.243-80, Modification Proposals – Bureau of Reclamation (Mar 2022) – Alternate II (Mar 2022)

(a) In submitting any proposal for a modification under this contract (including any proposal for an equitable adjustment resulting from a change under the FAR Changes clause of this contract), the contractor shall:

(1) Comply with the contract time limits for submission of a proposal or as specified by the contracting officer;
(2) Apply the contract cost principles and procedures in Part 31 of the Federal Acquisition Regulation (FAR) in effect on the date of this contract;
(3) Furnish a breakdown of all costs estimated to complete the work required by the modification (i.e., cost of added work, incurred cost of deleted work already performed, estimated cost of deleted work not yet performed, and net cost of the modification) to include all costs associated with materials (identified by item and quantity), equipment (identified by item, quantity, and whether contractor-owned or rented), categories of direct labor, bond and insurance premium adjustments, subcontracts, overhead and other indirect costs, profit/fee, and any other pricing information requested by the contracting officer, in sufficient detail to permit a detailed analysis of fair and reasonable price and comply with the requirements of the FAR 52.243-6 Change Order Accounting clause of this contract;
(4) Furnish a written justification for any requested time extensions; and
(5) For any pricing adjustment expected to exceed the threshold at FAR 15.403-4 requiring certified cost or pricing data (considering both increases and decreases) --

(i) Submit certified cost and pricing data using the format specified in Table 15-2 of FAR 15.408 unless the contracting officer agrees that an exception applies under the circumstances set forth in FAR 15.403-1;
(ii) Certify in substantially the format prescribed in FAR 15.406-2 that to the best of its knowledge and belief, the data are accurate, complete and current as of the date of agreement on the negotiated price of the modification; and
(iii) Comply with the requirements of either the FAR 52.215-12 Subcontractor Certified Cost or Pricing Data clause or the FAR 52.215-13 Subcontractor Certified Cost or Pricing Data -- Modifications clause of this contract when the adjustment includes a subcontract modification involving a pricing adjustment

expected to exceed the threshold at FAR 15.403-4 requiring certified cost or pricing data.

(b) Under the FAR Changes clause of this contract, failure of the contractor to timely assert its right for an adjustment or to submit a proposal for an adjustment by the date specified in the clause (or another date specified by the contracting officer) may result in a unilateral adjustment of the contract by the contracting officer pursuant to the FAR 52.233-1 Disputes clause of this contract.

I.107. 52.244-2 Subcontracts (Jun 2020) (DEVIATION May 2026)

I.108. 52.245-1 Government Property (Sep 2021)

I.109. 52.245-9 Use and Charges (Apr 2012)

I.110. 52.246-21 Warranty of Construction (Mar 1994), Alternate I (Apr 1984)

I.111. 52.248-3 Value Engineering – Construction (Oct 2020), Alternate I (Apr 1984)

I.112. 52.249-2 Termination for Convenience of the Government (Fixed Price) (Apr 2012), Alternate I (Sep 1996)

I.113. 52.249-10 Default (Fixed-Price Construction) (Apr 1984)

I.114. 52.252-4 Alterations in Contract

I.115. 52.252-6 Authorized Deviation in Clauses (Nov 2020) (DEVIATION May 2026)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any Department of Interior Acquisition Regulations (48 CFR Chapter 14) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

I.116. 52.253-1 Computer Generated Forms (Jan 1991) (DEVIATION May 2026)

I.117. Contract Document Management System (CDMS)-CPN Region (Apr 2021)

(a) Definitions. As used in the clause-

Data means recorded information, regardless of form or the media on which it may be recorded. The term included technical data and computer software. The term does not include information incidental to contract administration, such as financial, administrative, cost or pricing, or

management information.

Unlimited rights means the rights of the Government to use, disclose, reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly, in any manner and for any purpose, and to have or permit others to do so.

(b) Allocation of Rights. (1) The Government shall have-

(i) Unlimited rights in all CDMS data delivered under this contract

(2) The contractor unilaterally cannot lock out the Government from CDMS until 30 calendar days after the contractor signs contract completion Release of Claims and the contractor signed Release of Claims is received by the Contracting Officer.

(3) The contractor unilaterally cannot suspend use of, lock out, or otherwise deny the Government access in such instances as:

(i) Termination for Convenience

(ii) Termination for Default

(iii) Suspension of Work

(iv) Surety Takeover Agreements

PART IV REPRESENTATIONS AND INSTRUCTIONS

SECTION K REPRESENTATIONS, CERTIFICATIONS, AND OTHER STATEMENTS OF BIDDERS

K.1. 52.203-18 Prohibition on Contracting with Entities that Require Certain Internal Confidentiality Agreements or Statements-Representation (Jan 2017)

K.2. 52.209-2 Prohibition on Contracting with Inverted Domestic Corporations - Representation (Nov 2015) (DEVIATION May 2026)

K.3. 52.209-5 Certification Regarding Responsibility Matters (Aug 2020) (DEVIATION May 2026)

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that—

(i) The Offeror and/or any of its Principals—

(A) Are □ are not □ presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have □ have not □, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation);

(C) Are □ are not □ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision; and

(D) Have □, have not □, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied. Federal taxes are considered delinquent if both of the following criteria apply:

(*1*) *The tax liability is finally determined*. The liability is finally determined if it has been assessed. A liability is not finally determined if a pending administrative or judicial challenge remains. In the case of a judicial challenge to the liability,

the liability is not finally determined until all judicial appeal rights have been exhausted.

(*2*) *The taxpayer is delinquent in making payment*. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) The Offeror has □ has not □, within a 3-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) "Principal," for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (*e.g.*, general manager; plant manager; head of a division or business segment; and similar positions).

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the Government will consider the certification in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) This provision does not require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a). The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If the Government later determines that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

K.4. 52.209-7 Information Regarding Responsibility Matters (Oct 2018) (DEVIATION May 2026)

(a) *Definitions*. As used in this provision—

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (*e.g.*, Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

Federal contracts and grants with total value greater than $10,000,000 means—

(1) The total value of all current, active contracts and grants, including all priced options; and

(2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (*e.g.*, general manager; plant manager; head of a division or business segment; and similar positions).

(b) The offeror □ has □ does not have current active Federal contracts and grants with total value greater than $10,000,000.

(c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:

(1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:

(i) In a criminal proceeding, a conviction.

(ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of $5,000 or more.

(iii) In an administrative proceeding, a finding of fault and liability that results in–

(A) The payment of a monetary fine or penalty of $5,000 or more; or

(B) The payment of a reimbursement, restitution, or damages in excess of $100,000.

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management, which can be accessed via https://www.sam.gov (see 52.204-7).

K.5. 52.209-11 Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law (Feb 2016) (DEVIATION May 2026)

(a) The Government will not enter into a contract with any corporation that—

(1) Has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless an agency has considered suspension or debarment of the corporation and made a determination that suspension or debarment is not necessary to protect the interests of the Government; or

(2) Was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless an agency has considered suspension or debarment of the corporation and made a determination that this action is not necessary to protect the interests of the Government.

(b) The Offeror represents that–

(1) It is □ is not □ a corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability; and

(2) It is □ is not □ a corporation that was convicted of a felony criminal violation under a Federal law within the preceding 24 months.

K.6. 52.209-13 Violation of Arms Control Treaties or Agreements-Certification (Nov 2021) (DEVIATION May 2026)

(a) This provision does not apply to acquisitions at or below the simplified acquisition threshold or to acquisitions of commercial products and commercial services as defined in Federal Acquisition Regulation 2.101.

(b) *Certification*. [*Offeror shall check either (1) or (2).*]

__ (1) The Offeror certifies that–

(i) It does not engage and has not engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/; and

(ii) No entity owned or controlled by the Offeror has engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is

available at https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/; or

__ (2) The Offeror is providing separate information with its offer in accordance with paragraph (d)(2) of this provision.

(c) Procedures for reviewing the annual unclassified report (see paragraph (b)(1) of this provision). For clarity, references to the report in this section refer to the entirety of the annual unclassified report, including any separate reports that are incorporated by reference into the annual unclassified report.

(1) Check the table of contents of the annual unclassified report and the country section headings of the reports incorporated by reference to identify the foreign countries listed there. Determine whether the Offeror or any person owned or controlled by the Offeror may have engaged in any activity related to one or more of such foreign countries.

(2) If such activity might have occurred, review all findings in the report associated with those foreign countries to determine whether or not each such foreign country was determined to be in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or to be not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. For clarity, in the annual report an explicit certification of non-compliance is equivalent to a determination of violation. However, the following statements in the annual report are not equivalent to a determination of violation:

(i) An inability to certify compliance.

(ii) An inability to conclude compliance.

(iii) A statement about compliance concerns.

(3) If so, determine whether the Offeror or any person owned or controlled by the Offeror has engaged in any activity that contributed to or is a significant factor in the determination in the report that one or more of these foreign countries is in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. Review the narrative for any such findings reflecting a determination of violation or non-

adherence related to those foreign countries in the report, including the finding itself, and to the extent necessary, the conduct giving rise to the compliance or adherence concerns, the analysis of compliance or adherence concerns, and efforts to resolve compliance or adherence concerns.

(4) The Offeror may submit any questions with regard to this report by email to NDAA1290Cert@state.gov. To the extent feasible, the Department of State will respond to such email inquiries within 3 business days.

(d) Do not submit an offer unless—

(1) A certification is provided in paragraph (b)(1) of this provision and submitted with the offer; or

(2) In accordance with paragraph (b)(2) of this provision, the Offeror provides with its offer information that the President of the United States has

(i) Waived application under 22 U.S.C. 2593e(d) or (e); or

(ii) Determined under 22 U.S.C. 2593e(g)(2) that the entity has ceased all activities for which measures were imposed under 22 U.S.C. 2593e(b).

(e) *Remedies*. The certification in paragraph (b)(1) of this provision is a material representation of fact upon which reliance was placed when making award. If the Government later determines that the Offeror knowingly submitted a false certification, in addition to other remedies available to the Government, such as suspension or debarment, the Contracting Officer may terminate any contract resulting from the false certification.

K.7. 52.225-25 Prohibition on Contracting with Entities Engaging in Certain Activities or Transactions Relating to Iran – Representation and Certification (Jun 2020)

K.8. 52.240-90 Security Prohibitions and Exclusions Representations and Certifications (DEVIATION Mar 2026)

K.9. 1452.280-4 Indian Economic Enterprise Representation (Feb 2021)

(a) The offeror represents as part of its offer that it *> [ ] does [ ] does not meet the definition of Indian Economic Enterprise (IEE) as defined in DIAR 1480.201 and that it intends to meet the definition of an IEE throughout the performance of the contract. The offeror must notify the contracting officer immediately in writing if there is any ownership change affecting compliance with this representation.

(b) Any false or misleading information submitted by an enterprise when submitting an offer in consideration for an award set aside under the Buy Indian Act is a violation of the law punishable under 18 U.S.C. 1001. False claims submitted as part of contract performance are subject to the penalties enumerated in 31 U.S.C. 3729 to 3731 and 18 U.S.C. 287.

SECTION L INSTRUCTIONS, CONDITIONS, AND NOTICES TO BIDDERS

L.1. 52.252-1 Solicitation Provisions Incorporated by Reference (Feb 1998) (DEVIATION May 2026)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es):

Federal Acquisition Regulation Provisions: https://www.acquisition.gov/browsefar

Department of Interior Acquisition Regulation Provisions: https://www.acquisition.gov/diar

L.2. 52.203-18 Prohibition on Contracting with Entities that Require Certain Internal Confidentiality Agreements or Statements-Representation (Jan 2017)

L.3. 52.204-7 System for Award Management (Nov 2024) (DEVIATION Mar 2026)

L.4. 52.214-3 Amendments to Invitations for Bids (Dec 2016)

L.5. 52.214-4 False Statements in Bids (Apr 1984)

L.6. 52.214-5 Submission of Bids (Dec 2016)

L.7. 52.214-6 Explanation to Prospective Bidders (Apr 1984)

L.8. 52.214-7 Late Submissions, Modifications, and Withdrawals of Bids (Nov 1999)

L.9. 52.214-12 Preparation of Bids (Apr 1994)

L.10. 52.214-18 Preparation of Bids-Construction (Apr 1984)

L.11. 52.214-19 Contract Award-Sealed Bidding Construction (Aug 1996)

L.12. 52.214-34 Submission of Offers in the English Language (Apr 1991)

L.13. 52.214-35 Submission of Offers in U.S. Currency (Apr 1991)

L.14. Email Acknowledgement of Amendments, Modifications to Offers, and Withdrawals of Offers C-PN Region (Apr 2022)

(a) Definition. "Email submission" as used in this solicitation, means acknowledgment of amendments, modifications to offers, and withdrawals of offers, that are transmitted to and

received by the Government via electronic equipment that communicates and reproduces both printed and handwritten material. **(A COPY OF THE OFFER DOCUMENT ITSELF MAY NOT BE TRANSMITTED BY EMAIL TRANSMISSION).**

(b) Offerors may submit email acknowledgments to amendments and/or may change offers already received by the Government in response to this solicitation and/or may withdraw offers. These responses must arrive at the place and by the time, specified in the solicitation.

(c) Email submissions that fail to furnish required representations or information or that reject any of the terms, conditions, and provisions of the solicitation may be excluded from consideration.

(d) Email submissions must contain the required signatures.

(e) If requested to do so by the Contracting Officer, the successful offeror agrees to promptly submit the complete original signed documents.

(f) If the offeror chooses to transmit an email submission, the Government will not be responsible for any failure attributable to the transmission or receipt of the email document including, but not limited to, the following:

(1) Receipt of garbled or incomplete submission.

(2) Availability or condition of the receiving email equipment.

(3) Incompatibility between the sending and receiving equipment.

(4) Delay in transmission or receipt of submission.

(5) Failure of the offeror to properly identify the submission.

(6) Illegibility of submission.

(7) Security of submission data.

L.15. 52.216-1 Type of Contract (Apr 1984)

The Government contemplates award of a Firm Fixed Price Indefinite Delivery Indefinite Quantity (IDIQ) contract resulting from this solicitation.

L.16. 52.222-5 Construction Wage Requirements – Secondary Site of Work (May 2014) (DEVIATION May 2026)

L.17. 52.225-10 Notice of Buy American Requirement – Construction Materials (May 2014)

L.18. 52.228-1 Bid Guarantee (Sep 1996)

L.19. 52.232-13 Notice of Progress Payments

L.20. 1452.233-2 Service of Protest – Department of the Interior (Deviation) (Jul 1996)

(a) Protests, as defined in section 33.101 of the Federal Acquisition Regulation, that are filed directly with an agency, and copies of any protests that are filed with the Government Accountability Office (GAO), shall be served on the Contracting Officer by obtaining written and dated acknowledgment of receipt from the address and official designated in block 7 of the Standard Form 1442 or block numbers 7 and 10 of the Standard Form 33. A copy of the protest served on the Contracting Officer shall be simultaneously furnished by the protester to the Assistant Solicitor for Procurement and Patents, Office of the Solicitor, Room 6511, U.S. Department of the Interior, 18th and C Streets, NW., Washington DC 20240.

(b) The copy of any protest shall be received in the office designated above within one day of filing a protest with the GAO.

(c) A copy of the protest served on the Contracting Officer shall be simultaneously furnished by the protester to the Department of the Interior Assistant Solicitor, Acquisitions and Intellectual Property, 1849 C Street, NW., Room 6511, Washington, DC 20240.

L.21. 52.236-27 Site Visit (Construction)(Feb 1995), Alternate I (Feb 1995)

(a) The clauses at 52.236-2, Differing Site Conditions, and 52.236-3, Site Investigations and Conditions Affecting the Work, will be included in any contract awarded as a result of this solicitation. Accordingly, offerors or quoters are urged and expected to inspect the site where the work will be performed but site visit is not required to submit a bid.

(b) An organized site visit has been scheduled for-

July 13, 2026 at 8:00am MDT _____

(c) Participants will meet at-

Hungry Horse Power Plant via the lower road off State Highway 2 in the town of Hungry Horse, along Colorado Blvd. Physical address is 2501 Colorado Blvd.

_____

NOTE: Contractor personnel showing up for the site visit who have not previously registered for this visit will be turned away.

(d) Pre-registration of participants planning to attend the site visit is required. The primary point of contact for pre-registration is David Zor at dzor@usbr.gov and Ashley Johnson at ashley_d_johnson@ios.doi.gov. Pre-registration must be completed no later than Friday, July 10, 2026, at 5:00 pm Mountain Daylight Time (MDT).

(e) To register, the information below needs to be provided to the point of contacts in paragraph (d).

i. Company name.
ii. Company address.
iii. Company telephone number.
iv. List of attendees.
v. Attendee email addresses.

Do not provide any Personally Identifiable Information (i.e., social security numbers or birth dates).

(f) A current driver's license is required at site check-in.

(g) Attendees are required to bring Personal Protective Equipment (PPE). Appropriate PPE shall be worn throughout the duration of the site visit (i.e. hard hats, safety shoes, safety vests, and safety glasses).

L.22. WBR 1452.236-85 Instruction for Mobilization and Preparatory Work Schedule Line Item – Bureau of Reclamation (Mar 2022)

The contracting officer estimates that the Section B Mobilization and Preparatory Work schedule line item should not exceed 5 percent of the total bid price. Your attention is directed to contract clause WBR 1452.232-81 Payment for Mobilization and Preparatory Work, which reflects how the Government will pay for this line item, including how payment will be made when the price bid for this schedule line item is higher than the percentage stated herein.

L.23. Site Visit Attendance Restriction – Bureau of Reclamation – C-PN Region (May 2004)

Attendance at site visits and pre-solicitation conferences will be limited to only those personnel necessary for the Offerors to prepare their offers, not family members and friends.

L.24. 52.252-3 Alterations in Solicitation (Apr 1984) (DEVIATION May 2026)

L.25. 52.252-5 Authorized Deviation in Provisions (Nov 2020) (DEVIATION May 2026)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any Department of the Interior Acquisition Regulation (48 CFR Chapter 14) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

SECTION M EVALUATION FACTORS FOR AWARD

M.1. Price Reasonableness Determination (May 2010)

In accordance with FAR 14.408-2, proposed bid prices will be reviewed to determine price reasonableness and whether they are materially balanced. A comparison of bid prices to each other and to the Government estimate will assist in establishing price reasonableness. The final price reasonableness determination will be made in the light of all prevailing circumstance.
