Statewide Technology Procurement

February 19, 2026

Department of Cannabis Control (DCC) Laboratory Information Management System (LIMS) RFP 2025-002

IMPORTANT: NOTICE TO ALL INTERESTED BIDDERS OF CHANGE IN RESPONSE TO Q&A AND FORTHCOMING ADDENDUM

This notice is to advise bidders that the State is currently revising DCC LIMS Solicitation including an addendum to modify Key Action Dates (KADs) and other changes as well as Q&A while the State continues to address the bidders' questions and completes the solicitation updates. The State will keep all bidders apprised of the status as the State moves forward with the solicitation process.

At this time, the State anticipates releasing new KADS and the responses to the questions, addendum 1, the week of February 23, 2026. Soon after, Addendum 1 will be released to include any updates from Q/A set 1 and any further changes needed, as determined by the State.

The California Department of Technology, Statewide Office Technology Procurement (CDT/OSTP) in conjunction with the Department of Cannabis Control (DCC) would like to thank your firm for your patience as the State continues to move forward with the solicitation process.

The State looks forward to your continued interest in this procurement.

Sincerely,

Hashmat Mohmand
