Justification and Approval to permit the use of other than full and open competition

Part 12 - Acquisition of Commercial Products and Commercial Services

Purchase Request #(s) HQ0483621373

CONTRACTING ACTIVITY: DFAS Contract Services Directorate

1. REQUIRING ACTIVITY:

DFAS JBL Force Protection
[redacted]
8899 East 56th Street
Indianapolis IN 46249-6540

2. DESCRIPTION OF THE ACTION BEING APPROVED: Solicit a Sole Source requirement and award a Contract/Order.

3. DESCRIPTION OF SUPPLIES/SERVICES: This justification covers the acquisition of the following article(s):

This modification is for a 2 month bridge continuation of the previously awarded contract: HQ042321P0001, for Access Control System (ACS) Intrusion Detection System (IDS) Services. HQ042321P0001 was awarded December 25, 2020. This modification is a logical bridge to prevent a lapse in services, while finalizing the new follow-on contract.

The Required Delivery Date/PoP is: **6/25/26-8/24/26** Estimated Value (include options): $ **$29,976.38** Option(s) **NO**

4. STATUTORY AUTHORITY PERMITTING OTHER THAN FULL AND OPEN COMPETITION:

RFO 16.507-6(b)(1) The agency need for the supplies or services is so urgent that providing a fair opportunity would result in unacceptable delays.

5. IS THIS JUSTIFICATION FOR A FOLLOW-ON TO AN ACQUISITION OF SUPPLIES OR SERVICES PREVIOUSLY AWARDED ON A NON-COMPETITIVE BASIS? **NO**

6. RATIONALE JUSTIFYING USE OF CITED STATUTORY AUTHORITY

DFAS-IN access control system (ACS) intrusion detection system (IDS) cameras require the use of LENEL system administration as well as Bosch and DMP system panels with all associated hardware. Our system uses LENEL technology, and utilizing a different vendor, other than a LENEL certified vendor, would prevent our system from receiving system updates. Furthermore, the use of vendors other than LENEL certified vendors would require a complete overhaul to the existing system which would be significantly more expensive. For this reason, only LENEL certified vendors were authorized to quote. Additionally, Bosch and DMP system panels are used in our hardware. These components are integral to the current ACS IDS for DFAS IN and failure to use and have knowledge with these components would compromise the entire system. Therefore, contractors were required to be LENEL certified, as well as Bosch and DMP resellers in order to provide the full scope of work on the DFAS IN ACS IDS.

The current contract has a period of performance that ends June 24, 2026. Due to unforeseen delays in fully developing requirements for a competitive follow-on contract, DFAS requires an extension to prevent a lapse in crucial services and security. The ACS/IDS bridge modification is a logical follow-on because it extends the period of performance two months, with no change to the original requirements or general scope. Additionally it minimizes or negates any risk in efficiency and security precautions that would occur due to a lapse in service.

7. DESCRIPTION OF EFFORTS MADE TO SOLICIT OFFERS FROM AS MANY OFFERORS AS PRACTICABLE:

8. A SHORT DESCRIPTION OF RESULTS OF RFI/BETA.SAM.GOV POSTING, OR MARKET RESEARCH CONDUCTED OR A STATEMENT OF THE REASON NONE OF THE ABOVE ACTIONS WERE CONDUCTED.

Due to the limited number of vendors identified, the Solicitation for HQ042321P0001 was posted to sam.gov on November 17, 2020. At the time of closing [redacted] quotes were received.

[redacted] Therefore, pricing for this modification is considered fair and reasonable.

9. LIST OF THE SOURCES THAT EXPRESSED A WRITTEN INTEREST IN THE ACQUISITION.

10. ANY OTHER FACTS SUPPORTING THE USE OF OTHER THAN FULL AND OPEN COMPETITION:

None

11. A STATEMENT OF THE ACTIONS, IF ANY, THE AGENCY MAY TAKE TO REMOVE OR OVERCOME ANY BARRIERS TO COMPETITION BEFORE ANY SUBSEQUENT ACQUISITION FOR THE SUPPLIES OR SERVICES REQUIRED.

In order to remove or overcome barriers to competition in future acquisitions for this requirement, the agency will work with the program office to conduct market research to ascertain if there are changes in the market place that would enable future actions to be competed on other than a name brand basis.
