14. DESCRIPTION OF AMENDMENT/MODIFICATION (CONTINUED)

A. Below are the Request For Information (RFI) responses which are hereby incorporated into any subsequent contract award. Failure to use the revised documents and requirements revised within will result in your proposal being non-responsive.

1. RFI #1 – List of Potential Prime Bidders and/or Plan Holders that may bid project so we may provide a road reclamation estimate for Pay Item 21101 – Roadway Obliteration.
   Response: The government does not maintain a planholders list or a potential bidders list for this requirement.

2. RFI #2 – Width of the area for scheduled for obliteration of the 9.84 estimated miles.
   Response: Widths of Forest Service roads vary from 12-16 feet with variation and consideration for curve widening and drainage features when present. The Forest recommends contractors to do a site visit to fully understand the terrain and pay items before bidding when possible.

3. RFI#3- Is there an Engineers Estimate available?
   Response: The Engineer's Estimate is proprietary to the Government and cannot be disclosed.

4. RFI#4- On map of project, red line shows decommission of roads. Black line shows new road. On the breakdown it doesn't appear that this is defined. What is the scope of decommissioning? What is the scope for new alignment?
   Response: The Statement of Work shows the total miles of new alignment and road decommissioning. The Road Log details the new alignments; where these new alignments occur, the old road will be obliterated.

5. RFI#5- Is there a supplied water source for this project?
   Response: No

6. RFI#6- On Maintenance roads, is the only job to be done, detailed in the mile marker breakdown?
   Response: Yes
