**RATIONALE FOR JUSTIFICATION TYPE SELECTED ABOVE TO INCLUDE RELEVANT INFORMATION GAINED THROUGH YOUR MARKET RESEARCH TO SUPPORT THE JUSTIFICATION TYPE:**
Rockwell Collins France (Cage Code F5491) is the Original Equipment Manufacturer (OEM) of this item, and the only approved sources for procurement are United States (US) based subsidiaries, Rockwell Collins, Inc. (Cage Code 84T51) and Intertrade Limited (Cage Code 0SVE9). The OEM owns all rights to the technical data, specifications, and drawings required for its manufacture and it has been determined uneconomical for the Government to purchase these rights. This item is complex and must meet critical operational and reliability requirements, the achievement of which require unique production techniques and extensive and/or sophisticated testing. This item is the only one approved by the USCG's Aircraft Configuration Control Board for use on the MH-60T helicopter. In addition, USCG Aviation Engineering has assigned the item with an Acquisition Method Code (AMC) of 5. An AMC code of 5 indicates acquiring only from the prime contractor although engineering data identifies the Commercial and Government Entity Code (CAGE) and part number of a source other than the prime contractor. Therefore, the USCG is conducting a brand name acquisition.
