Statement of Work

Boom with Pump

Background

The St. Stephens Indian School located in Saint Stephens WY, is looking to purchase one (1) Boom with Pump and a hauling trailer for removal and control of duckweed in the three (3) lagoons on site. The (3) three lagoons have a duckweed problem that is causing the current systems to clog and require constant upkeep, which is putting a strain on our limited facilities staff.

Scope

The scope of this project is to obtain equipment that will aid in the process of overhauling and maintaining the lagoons. Below are the specifications for the required equipment.

Specifications

Line Item	Description	Quantity
1	Duckweed Screen	1
2	Sump box with floats	1
3	Pump Hoses	2
4	3" Honda Trash Pump	1
5	200’ Gathering Boom	1
6	50’ Rope	1
7	Push Pole	1
8	7'x14' Bumper pull trailer	1
9	20’ Discharge Pipe	1

Delivery

30 days after award the system and its extras shall be delivered to the following address:

BIE – St. Stephens Indian School
128 Mission Rd. PO Box 345
Saint Stephens, WY 82524

Government Point of Contact, Robert Whitehair.
