Q 1: I noticed that the WAWF payment instructions reference the submission of a commercial financing request. Could you please confirm whether commercial financing is authorized under this solicitation or the resulting contract? If so, could you please advise under what terms and the applicable FAR or DFARS clause?

A 1: No, as reported by Clause 252.232-7006 WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023) section (f) Payment Instruction, for fixed price items as the ones included in the present solicitation, that require shipment of a deliverable, the Contractor shall submit the invoice and receiving report specified by the Contracting Officer.

Q 2: **item C** (Bookcase self-standing) has only shelves. It seems that it will be mounted on top of 3 drawer chest. Shall we consider any connector between Bookcase and drawer chest?

A 2: Regarding the bookcase, it will be mounted on top of the 3-drawer chest – normally the vendors screw them into place to attach them to the 3-drawer chest

Q3: which sizes of **Item D** Size and “additional specs or Description” are correct. I believe that the one in inches is correct (22’’ W x 30’’ H x 17’’ D)

A 3: For item D, here are the correct dimensions: 17"D x 30"H x 22"W
