SECTION 3: Key Information

3.1 Background

As Florida's largest agency and the third-largest state prison system in the United States, the FDC has 24,000 full-time employees, incarcerates 80,000 inmates, and supervises nearly 145,000 offenders in the community. The Department's Office of Institutions manages 143 facilities statewide, including major institutions, annexes, work camps, road prisons, forestry camps, re-entry centers, and community release centers. The Department's Office of Community Corrections monitors and supervises adult offenders out of 130 offices within 20 judicial circuits. The Department divides its operations geographically into four (4) regions: Region I (the Panhandle), Region II (North Florida), Region III (Central Florida), and Region IV (South Florida). Each region has a Regional Director of Institutions who supervises all Wardens in that region and a Regional Director of Community Corrections who supervises all Circuit Administrators in that region.

3.2 Statement of Purpose

The purpose of this ITB is to secure Responsive Bids from Responsible Vendors to purchase laundry equipment and provide delivery, set up, and voltage verification prior to installation, and training for staff at various correctional facilities throughout the State, as specified by the Department. The Department is issuing this ITB to establish a new ATC. Service or delivery locations may be found in Attachment V of this ITB.

3.2.1 ITB Modifications

Once the Department advertises this ITB on the VIP, if it needs to change, supplement, modify or revise any portion of its contents or exhibits, attachments, or other materials, it will advertise supplemental information as an addendum to this ITB on the VIP. Interested parties are responsible for monitoring the VIP website for addenda relative to this solicitation.

3.2.2 Order of Precedence

All Bids are subject to the terms of this ITB, which in case of conflict shall have the following order of precedence:

- A) ITB addenda, in reverse order of issuance;
- B) This ITB document, including any attachments or exhibits;
- C) Form PUR 1000, referenced in Section 5.1 of this ITB; then
- D) Form PUR 1001, referenced in Section 5.1 of this ITB.

3.3 ITB Outcome

3.3.1 Contract Term and Renewal

As a result of this ITB, the Department will award the successful Vendor(s) a Contract up to three (3) years. The awarded Contract may be renewed in accordance with Section 287.057(14), Florida Statutes (F.S). Contract pricing will be fixed, as specified in the Vendor's completed Attachment I - Price Sheet.

3.3.2 Purchases and Invoices

The Department may issue Purchase Orders (POs) through MyFloridaMarketPlace (MFMP)/Ariba on Demand (AOD) or pay for deliverables via PCard. Throughout the Contract term, the Vendor shall invoice the Department in arrears, as required by Section 215.422, F.S. The Contractor's invoice shall include its name, mailing address, federal tax identification number (FEIN), PO number, the dates of service (if applicable), items provided (if applicable), and all relevant supporting documentation.

3.3.3 Substitutions

Upon Contract execution, the Contractor must provide only the items awarded. Substituted items sent to the Department without prior approval by the Department are prohibited, will be returned at the Contractor's expense, and may lead to termination of the Contract.

If an awarded item cannot be provided for reasons beyond the Contractor's control, such as a product discontinuance, the Contractor shall propose an alternative item to the Contract Manager for approval within 10 Days of receiving a PO from the Department. The alternative item must meet or exceed the terms, conditions, and requirements applicable to the item originally awarded. The Department may require a sample of the alternative item for review prior to approval. If required, the Contractor will deliver the sample to the Department's Central Office in Tallahassee, Florida, or other location as directed, at no cost to the Department. If the Contractor wants the sample returned, it will pay for shipping the item(s) back after the Department completes its review.

3.3.4 Addition/Deletion of Items or Service Locations

The Department reserves the right to add or delete items and service locations after Contract execution when it is in the Department's best interest and within the general scope of this ITB. The Vendor's pricing for items and service locations added or substituted must be comparable to the prices established by this ITB. Any modification to add or delete items or service locations will become effective only upon execution of a written amendment to the Contract.

3.3.5 Subcontracts

With prior written consent from the Department, the Contractor may enter written Subcontracts to fulfill its Contractual duties as indicated in this ITB. The Vendor must disclose anticipated subcontracts at the time of Bid submission and must provide a copy of the proposed subcontract to the Department with its Bid. No Subcontract into which the Contractor enters for the performance of its duties under the Contract shall in any way relieve the Contractor of responsibility or liability associated with the performance of its Contract duties. All Subcontractors shall comply with the Contract requirements to the same extent as the successful Vendor, including requirements regarding background checks and other security measures.

The Department will only pay the Contractor for deliverables provided under the Contract. The Contractor shall make all payments to subcontractors within seven (7) Business Days after any payment is received from the Department, per Section 287.0585, F.S. The Department shall not be liable to any Subcontractor for any expenses incurred under the Subcontract. The Contractor assumes sole responsibility for all expenses and liabilities incurred under a Subcontract. If the Contractor fails to pay the Subcontractor within seven (7) Business Days, the Contractor shall pay the penalty to the Subcontractor in the amount of one-half (1/2) of one percent (1%) of the amount due, per Day, from the expiration of the period allowed herein for payment. Such penalty shall be in addition to actual payments owed and shall not exceed 15% of the outstanding balance due.

All Subcontracts shall comply with the Department's Procedure 205.002 "Contract Management", and shall include the items noted below:

- Identity of the Subcontractor (i.e., company, individual, etc.) that will be performing the Subcontracted services;
- Qualifications of the Subcontractor;
License(s) and certification(s) provided by the Subcontractor, required to perform the subcontracted services; and
- Include the specific clauses noted below from the Contract between the Contractor and the Department:
 - Cooperation with the Inspector General
 - Cooperation with the Florida Senate and the Florida House of Representatives
 - E-Verify
 - Staff Background/Criminal Records Checks

Additionally, all Subcontractor agreements must include a statement from the proposed Subcontractor acknowledging acceptance of and intent to be bound by the Contract terms included in the Contract between the Department and the Contractor.

SECTION 4: Statement of Work

4.1 Specifications

The Vendor shall provide industrial laundry equipment to correctional facilities throughout Florida, including delivery, installation, and staff training as specified in this ITB. Attachment I provides the Price Sheet with specific details and specifications. The Vendor must bid exclusively on the items listed in this ITB unless an equivalent item has been reviewed and approved by the Department through the process outlined below. Given the equipment's weight, careful planning for safe handling and installation is essential. Adequate personnel and/or equipment must be provided by the Vendor to assist during setup, and the equipment should be securely bolted and anchored if necessary to prevent movement of the drums. Utility connections for electricity, gas, water, and drainage must be installed correctly, with hoses and cords supplied by the Vendor. After installation, the machines must undergo thorough testing, and staff should receive comprehensive training on their operation, features, and functionalities.

4.1.1 Equivalent Items

Vendors must bid only items as specified when responding to this ITB unless an equivalent item is approved in advance by the Department in accordance with this Section. To submit a Bid containing equivalent items, a Vendor must first submit a written request to bid an equivalent item to purchasing@fdc.myflorida.com before the deadline for Vendor questions specified in the ITB's Timeline, and in accordance with Section 5.2. The written request must include:

- A) the item from Attachment I - Price Sheet, the Vendor would like to replace with the equivalent item;
- B) the replacement item being recommended as an equivalent; and
- C) any relevant specifications for the replacement item that demonstrate its equivalence to the original item sought.

The Department will list approved equivalent items when it advertises its response to written questions on the VIP in accordance with the Timeline.

4.1.2 Estimated Quantities

The quantities provided in this ITB are given as an estimate for Vendors to prepare their Bids and the Department to make an award. Quantities should not be construed as representing the actual quantities to be purchased by the Department. The Department may purchase more or fewer items than indicated in this ITB.

4.1.3 Minimum Order

There will be no minimum order under the Contract.

4.1.4 Delivery

The Vendor shall ship items to the Department as *Free on Board Destination* and ensure items arrive within 30 Days of PO issuance unless a different time is agreed to by the Department as documented on a PO. Deliveries must be made between 8:30 a.m. and 4:00 p.m., local time, Monday through Friday, excluding State holidays and other official closures, unless otherwise stated on a PO.

4.1.5 Damaged Goods

The Vendor shall file, process, and collect all claims for damaged goods. To assist the Vendor in the efficient handling of damage claims, the Department's staff receiving goods will:

- A) record any visible damage on all copies of the delivery carrier's Bill of Lading and provide the Vendor with a copy;
- B) report visible damage to the Vendor in writing within 15 Days of delivery; and
- C) retain the damaged item(s) and, if possible, its shipping container, including packing material, until the delivery carrier performs inspections and the issue is resolved with the Vendor.

4.1.6 Summary Reports

The Contractor shall provide the Contract Manager a report of all Contract purchases at the end of each calendar quarter (March, June, September, and December). These quarterly reports must provide, at minimum, the 1) total number of orders placed during the quarter, 2) total dollar value of orders placed during the quarter, 3) total number of each item sold during the quarter, and 4) total dollar value of all items sold during the Contract term to date.

The Department may, at its sole discretion, develop a format for the Contractor to use in reporting the information above. The Contractor shall utilize any format developed by the Department for this purpose. The Contractor's failure to provide a quarterly report within 30 Days following the end of a quarter may result in the assessment of financial consequences or termination of the Contract.

4.2 Warranty Requirements

The Vendor shall guarantee all items purchased against nonconformance and manufacturing and design defects. Upon notification of the defect by the Department, the Vendor will promptly cure any nonconforming or defective goods at no additional cost to the Department. The Vendor will bear all costs associated with curing the defect or nonconformance, including shipping/re-shipping and inspection costs. If the Vendor completes installation of an item that the Department has purchased or otherwise provides a service to the Department, the Vendor shall guarantee its work for 60 Days from the date of completion. During that time, the Vendor shall cure installation or service deficiencies at no cost to the Department.

For washers/extractors, the Vendor shall provide a minimum three (3) year parts warranty, effective from the date of original installation, on any part that fails as a result of a defect in material or workmanship. The Vendor shall provide a minimum five (5) year warranty on bearings, bearing assembly, frame, cylinder, and shafts. If the manufacturer or Vendor offers a warranty period longer than provided in this Section, the longer warrant period will prevail.

For dryers, the Vendor shall provide a minimum three (3) year parts warranty, effective from the date of original installation, on parts that fail as a result of a defect in material or workmanship. If the manufacturer or Vendor offers a warranty period longer than provided in this Section, the longer warrant period will prevail.

4.3 Performance Measures and Financial Consequences

The Department desires to contract with a Vendor who demonstrates its willingness to be held accountable for the achievement of successful Contract performance. By submitting a Bid, the Vendor

agrees to the Department's assessment of financial consequences, which are not intended to be a penalty but to incentivize the Vendor's performance under the Contract.

The performance measures below list the key expectations most critical to the success of the Contract and the financial consequence the Department will assess if an expectation is not met. If a Contractor is unable to achieve a performance measure expectation because of unforeseen circumstances outside of its control, the Contractor may submit a written request, in advance, to the Contract Manager to waive the assessment of the associated financial consequence. The Contract Manager will then review the request to determine whether mitigating circumstances existed beyond the Contractor's control. For the Department to approve the request, the Contractor must not have contributed to the failed expectation in any manner. The Department does not waive its ability to assess financial consequences by allowing the delivery of an item(s) or completion of services after the time allowed. Nothing in this Section shall limit the Department's right to pursue other remedies available at law or in equity.

Financial consequences shall not exceed the total Contract, applicable PO, or corresponding invoice amount.

Performance Measures (PM)

5.4 Bid Submissions

Before submitting a Bid, Vendors should check the VIP for any ITB modification(s) as outlined in Section 3.2.1. Neither the Department nor the State of Florida is liable for any costs incurred by a Vendor in response to this ITB.

A Vendor must prepare its Bid simply and economically, providing a straightforward, concise delineation of the Vendor's capability to satisfy the requirements of this ITB. Elaborate bindings, colored displays, and promotional materials are discouraged. Bids must be complete and clear. To expedite the Department's review of Bids, Vendors must adhere to the following instructions:

- A) Bids must be sent by U.S. Mail, Courier, Overnight, or hand-delivered to the location indicated in the Timeline. Electronic submission of Bids will not be accepted.
- B) Bids must be submitted in a sealed envelope/package with **FDC ITB-25-002 and the date/time of the Public Bid Opening** clearly marked on the outside of the envelope/package.

- D) Bids received after the Bid Deadline provided in the Timeline will not be accepted.
- E) Vendors should submit one (1) original hard copy Bid and one (1) electronic Bid copy in searchable PDF format on a CD, DVD, or flash drive. The electronic copy must contain the entire Bid as submitted, including all supporting and signed documents. CDs, DVDs, and flash drives submitted should not be password protected.
- F) If the Vendor considers any portion of its Bid to be confidential, trade secret, or otherwise exempt from disclosure under Chapter 119, F.S., the Florida Constitution, or another legal authority, the Vendor must also simultaneously provide the Department a Redacted Copy of its Bid in both hard copy and electronic forms and provide a brief written description of its grounds for claiming exemption from public record, including the specific statutory citation for such exemption. This Redacted Copy shall be titled "Redacted Copy." The Redacted Copy must be provided to the Department at the same time the Vendor submits its Bid and must only exclude or redact those exact portions of the Bid claimed confidential, proprietary, trade secret, or otherwise exempt from disclosure. The Vendor shall be responsible for defending its assertion that the redacted portions of its Bid are confidential, proprietary, trade secret, or otherwise exempt from disclosure. Further, the Vendor shall protect, defend, and indemnify the Department for any claims arising from, or relating to, the Vendor's determination that the redacted portions of its response are confidential, proprietary, trade secret, or otherwise exempt from disclosure. If the Vendor fails to submit a Redacted Copy with its Bid, the Vendor explicitly authorizes the Department to produce its entire Bid contents in answer to a request for public records. In no event shall the Department, or any of its employees, or agents, be liable for disclosing, or otherwise failing to protect, the confidentiality of information submitted in response to this ITB.

By submitting a Bid in response to this ITB, a Vendor warrants its agreement to the prices submitted. Vendors should submit Bids with the most favorable pricing the Vendor can offer the State. Per Section 287.084, F.S., a Bid from a Vendor whose principal place of business is **NOT** located within the State of Florida must include a written letter from an attorney licensed to practice law in the state where their principal place of business is located, which identifies any preference(s) granted by that state to its business entities in the award of public contracts under the current laws of that state. If no preference is provided in that state, the attorney's letter should contain a statement specifying that no preference is granted. The Department considers a Vendor's

principal place of business as the principal address registered with the Florida Department of State, Division of Corporations (<https://dos.myflorida.com/sunbiz/>). **If this letter is not included in the Bid of a Vendor whose principal place of business is NOT located within the State of Florida, or if the letter does not accurately reflect the current preferences of that state, if any, the Bid will be deemed non-Responsive.**

When the lowest Responsive Bid is submitted by a Responsible Vendor whose principal place of business is **NOT** located within the State of Florida, and the state where the lowest Responsible Vendor's principal place of business is located does not offer any preference for its business entities, a five percent (5%) price preference shall be applied to any Responsive Bid from a Responsible Vendor whose principal place of business is located within the State of Florida. If the state where the out-of-state Vendor is located provides a different price preference for businesses having a principal place of business in that state, that same price preference shall be applied to the Responsive Bids from Florida-based Responsible Vendors.

For example, if an Oklahoma-based company submits a Responsive Bid and is the lowest Responsible Vendor, and Oklahoma offers no preference for the award of Oklahoma-based companies in public contracts, then a five percent (5%) preference would be given to Florida-based Vendors in consideration of an award. If Oklahoma offered a 10% preference in the award of contracts to Oklahoma-based businesses, then a 10% preference would be applied to Florida-based Vendors in consideration of an award.

5.4.4 Bid Contents

All documents produced or provided as part of any Bid or this ITB process shall become and remain the exclusive property of the Department and may not be removed by the Vendor or its agents. The Department has the exclusive right to use any or all ideas, adaptations of ideas, or content presented in any Bid. Selection or rejection of a Bid shall not affect this right.

5.4.5 Bid Withdrawal

After submission, a Vendor may withdraw its Bid by submitting a written request to the Procurement Officer. A Vendor's request to withdraw its Bid must originate from the email of their duly authorized representative or be signed by their duly authorized representative. The Department must receive such requests within 72 hours of the Public Bid Opening Date indicated in the Timeline.

If multiple Bids are received from the same Vendor, and the Vendor has not withdrawn one (1) of its Bids, then the Department will only evaluate the Vendor's Bid received last.

All other Bids shall remain valid for 180 Days from the Bid Deadline.

5.5 Other Vendor Requirements

5.5.1 State Licensing Requirement

All entities defined under Chapters 605, 607, 617, or 620, F.S., seeking to do business with the Department must be on file and in good standing with the Florida Department of State at the time of Bid submission.

5.5.2 MyFloridaMarketPlace (MFMP) Registration

All contractors doing business with the State, as defined in Section 287.012, F.S., must register in the MFMP VIP system unless exempted under Rule 60A-1.033, Florida Administrative Code (F.A.C.). State agencies shall not agree to purchase commodities or contractual services with any Vendor not registered in MFMP unless exempted by rule. A Vendor not currently registered in MFMP shall do so within five (5) Days of the ITB award. Vendors may complete their MFMP registrations at: <https://vendor.myfloridamarketplace.com>. Vendors needing assistance regarding their MFMP registration may contact the MFMP Customer Service Desk at (866) 352-3776 or vendorhelp@myfloridamarketplace.com.

The State of Florida, through the Department of Management Services, has instituted MFMP/AOD, a statewide eProcurement system pursuant to Section 287.057(24), Florida Statutes (F.S.). All payments issued by Agencies to registered vendors for purchases of Commodities or Contractual Services under Chapter 287, F.S., shall be assessed the Transaction Fee of one percent (1.0%) of the total amount of the payments received from the State or Eligible Users, as prescribed by Rule 60A-1.031, Florida Administrative Code (F.A.C.), or as may otherwise be established by law. Vendors shall pay the Transaction Fee and are subject to automatic deduction of the Transaction Fee, when automatic deduction becomes available. Vendors shall submit any monthly reports required pursuant to Rule 60A-1.031, F.A.C. All such reports and payments are subject to audit. The Agency will have grounds for declaring the vendor in default if the vendor fails to comply with the payment of the Transaction Fee or reporting of payments, which may subject the vendor to being suspended from business with the State of Florida.

5.5.3 Substitute W-9

DFS requires all Vendors doing business with the State to submit a Substitute W-9 Form electronically. To submit Forms, find frequently asked questions, and receive other assistance, Vendors can visit <https://flvendor.myfloridacfo.com>. For additional help, Vendors may contact DFS at (850) 413-5519 or FLW9@myfloridacfo.com.

5.6 Public Bid Opening

Bids are due and will be publicly opened at the time, date, and location specified in the Timeline. The Department will not accept or consider Bids received after the Bid Deadline. Vendors may not modify their Bids after the Bid Deadline. Department staff are not responsible for the accidental opening of a Bid that has been improperly sealed or not addressed as indicated in the Timeline.

5.7 Bid Evaluation

5.7.1 Basis of Award

The Department intends to issue an award to the Responsible Vendor who submits a Responsive Bid with the lowest Grand Total Price, as evidenced in Attachment I - Price Sheet. A Vendor must bid on all items for its Bid to be considered Responsive. If applicable, the Department will apply a preference to Florida-based Vendors as indicated in Section 5.4.3.

In the event the Responsible Vendor with the lowest Grand Total Price is found non-Responsive, the Department may proceed to the next Responsive Bid from a Responsible Vendor with the next lowest Grand Total Price and continue the award process.

5.7.2 Identical Bids

If the Department receives identical pricing or scoring from multiple Vendors, the Department shall determine the order of award using the following criteria:

- A) If two (2) equal Bids are received, and one (1) Bid is from a certified minority business enterprise, the Department will award a Contract to the certified minority business enterprise in accordance with Section 287.057(12) F.S. Minority Business Certifications submitted by the Vendor as part of its Bid must be active and current at the time of submission. A Bid containing a blank, incomplete, invalid, or falsified Minority Business Certification will be deemed non-Responsive.
- B) Per Section 295.187(4), F.S., when considering two (2) or more Bids, at least one (1) of which is from a certified veteran business enterprise, which are equal with respect to all relevant considerations, including price, quality, and service, the Department shall award a Contract to the certified veteran business enterprise. If a veteran business enterprise and one (1) or more businesses entitled to a preference by law submit Bids, which are equal with respect to all relevant considerations including price, quality, and service, the Department shall award a Contract to the business having the smallest net worth.
- C) Per Section 287.087, F.S., whenever two (2) or more Bids that are equal with respect to price, quality, and service are received by the Department, the Bid from a business that certifies it has implemented a drug-free workplace program shall be given preference in the award process. A Vendor may certify it has implemented a drug-free workplace program by completing Attachment III - Certification of Drug-Free Workplace Program.
- D) Per Section 287.082, F.S., whenever two (2) or more competitive sealed Bids are received, one (1) or more of which relates to commodities manufactured, grown, or produced within the State of Florida, and whenever all things stated in such received Bids are equal with respect to price, quality, and service, the commodities manufactured, grown, or produced within this State shall be given preference.
- E) Per Section 287.092, F.S., any foreign manufacturing company with a factory in the State and employing over 200 employees working in the State shall have preference over any other foreign company when price, quality, and service are the same, regardless of where the product is manufactured.

5.7.3 Rejection of Bids

The Department reserves the right to accept or reject any Bids or separable portions thereof and waive any minor irregularity, technicality, or omission if the Department determines that doing so will serve its best interest(s). The Department may reject any Bid not submitted in the manner specified in this ITB and those otherwise considered non-Responsive. Material deviations cannot be waived by the Department and shall result in a Bid being deemed non-responsive.

5.7.4 Bid Disposal

All Bids submitted shall become the property of the Department and will be considered public records, subject to the provisions of Chapter 119, F.S.

5.8 No Prior Participation or Conflict of Interest

Per Section 287.057(19)(c), F.S., a person who receives a contract that has not been procured pursuant to Subsections (1)-(3) of S. 287.057, F.S. to perform a feasibility study of the potential implementation of a subsequent contract, who participates in the drafting of a solicitation or who develops a program for future implementation, is not eligible to contract with the agency for any other contracts dealing with that specific subject matter, and any firm in which such person has any interest is not eligible to receive such contract. However, this prohibition does not prevent a Vendor who responds to a request for information from being eligible to contract with an agency.

The Department considers participation in a solicitation to be any actions related to the decision, approval, disapproval, recommendation, preparation of any part of a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or functioning in any other advisory capacity.

The Vendor shall not compensate, in any manner, directly or indirectly, any officer, agent, or employee of the Department, for any act or service, which they may do, or perform, for, or on behalf of, any officer, agent, or employee of the Vendor. Officers, agents, or employees of the Department shall not have any interest, directly or indirectly, in any contract or purchase made, or authorized to be made by anyone for, or on behalf of, the Department. The Vendor shall have no interest and shall not acquire any interest that conflicts in any manner, or degree, with the performance of the services required under this ITB.

Per Section 287.057(19), F.S., the Department shall avoid, neutralize, or mitigate significant potential organizational conflicts of interest before the award of a contract and may not proceed with an award if a conflict of interest exists based upon the Vendor's gaining of an unfair competitive advantage.

5.9 Protest Procedures

Under Section 120.57(3), F.S., any person who is adversely affected by the agency decision or intended decision shall file a notice of protest or formal written protest with the Department's Agency Clerk. Filings may be made physically at 501 South Calhoun Street, Tallahassee, Florida 32399-2500, by email to CO-GCAgencyClerk@fdc.myflorida.com, or by fax to (850) 922-4355. Protests must be made in compliance with Rules 28-110.003, 28-110.004, and 28-110.005, F.A.C. Filings received after the business hours of Monday–Friday from 8:00 a.m. to 5:00 p.m. E.T. will be filed the next Business Day.

Failure to file a protest within the time prescribed in Section 120.57(3), F.S., or failure to post the bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under Chapter 120, F.S.

SECTION 6: Other Terms and Conditions

6.1 Supplier Development

The State of Florida is committed to supporting its diverse business industry and population by ensuring participation by minority-owned, women-owned, and veteran-owned business enterprises in the State's economic life. The Department works in conjunction with the Florida Department of Management Services, Office of Supplier Development, to provide training on how to access its procurement opportunities.

The Office of Supplier Development offers resources to diverse business enterprises, including the Mentor Protégé Program, which connects eligible business enterprises with private corporations for business development mentoring. For more information, including contact information, on the Mentor Protégé Program, Vendors may visit the Office of Supplier Development's website at: https://www.dms.myflorida.com/agency_administration/office_of_supplier_diversity_osd.

6.2 Environmental Considerations

The State supports and encourages initiatives to protect and preserve our environment. If applicable, the Vendor shall submit a plan to support the procurement of commodities and materials with recycled content, referencing the intent of Section 403.7065, F.S. The Vendor shall also provide a plan, if applicable, for reducing or handling hazardous waste generated by the Vendor's company, referencing Rule 62-730.160, F.A.C. The Florida Department of Environmental Protection (DEP) requires any generator of hazardous waste materials exceeding certain thresholds to have a valid and current hazardous waste generator identification number. This identification number shall be submitted as part of the Vendor's explanation of its hazardous waste plan and shall explain, in detail, its handling and disposal of this waste.

6.3 Intellectual Property

To the extent that the Contract requires a Contractor to produce original writing, sound recordings, pictorial reproductions, drawings, other graphic representation, or works of any similar nature, the Department has the right to use, duplicate, and disclose such materials, in whole or in part, in any manner, for any purpose whatsoever, and to allow its agents to do the same. If the materials developed are subject to copyright, trademark, patent, or legal title, then every right, interest, claim, or demand of any kind, in and to any patent, trademark or copyright, or application for the same, will vest in the Florida Department of State for the exclusive use and benefit of the State. Under Section 286.021, F.S., no person, firm, or corporation, including parties to the Contract, shall be entitled to use the copyright, patent, or trademark without the prior written consent of the Florida Department of State.

The Department shall have unlimited rights to use, disclose, or duplicate, for any purpose whatsoever, all information and data developed, derived, documented, or furnished by the Vendor or Contractor. All computer programs, documents, and other intellectual property produced as part of the Contract shall become the exclusive property of the Florida Department of State, except for data processing software developed by the Department under Section 119.084, F.S. The Vendor or Contractor and its employees and agents may not remove any such property without the express written consent of the Department.

The Vendor or Contractor, without exception, shall indemnify and hold harmless the Department, and its employees, from liability of any nature or kind, including costs and expenses, for, or on account of, any copyrighted, patented, or unpatented invention, process, or article, manufactured or supplied by the Vendor or Contractor. The Vendor or Contractor has no liability when such claim is solely and exclusively due to the combination, operation, or use of any article equipment or data not supplied by the Vendor or

Contractor or is based solely and exclusively upon the Department's alteration of the article. The Department will provide prompt written notification of a claim regarding copyright or patent infringement and afford the Vendor or Contractor full opportunity to defend the action and control the defense of such claim. If such a claim is made or is pending, the Vendor or Contractor may, at its option and expense, procure for the Department the right to continue use, replacement, or modification of the article to render it non-infringing. (If none of the alternatives are reasonably available, the Department agrees to return the article to the Vendor or Contractor upon its request and receive reimbursement, fees, and costs, if any, as may be determined by a court of competent jurisdiction.) If the Vendor or Contractor uses any design, device, or material covered by letter, patent, or copyright, it is mutually agreed and understood, without exception, that the Contract prices shall include all royalties or costs arising from the use of such design, device, or materials.

6.4 Insurance

The Vendor or Contractor agrees to provide adequate, comprehensive insurance coverage and hold such insurance during the existence of the Contract. The Contractor accepts full responsibility for identifying and determining the type(s) and extent of insurance necessary to provide reasonable financial protection for the Contractor and the Department under the Contract. At a minimum, such insurance shall include workers' compensation (if applicable and if the Contractor employs workers) and employer's liability coverage, per Florida statutory limits; commercial general liability coverage; and automobile liability insurance covering all vehicles used in the course of Contract performance. The Department must be included as an additional named insured on the Contractor's Commercial General Liability and Automobile insurance policies related to the Contract. The Vendor or Contractor may be required to furnish the Department with written verification of such insurance coverage upon request. A self-insurance program established and operating under the laws of the State may be provided as coverage. The Department reserves the right to require additional insurance where appropriate.

If the Contractor is a State agency or subdivision as defined in Section 768.28, F.S., the Contractor shall furnish the Department, upon request, written verification of liability protection under Section 768.28, F.S. Nothing herein shall be construed to extend any party's liability beyond that provided in Section 768.28, F.S.

6.5 PCard Payments

Upon mutual agreement of both the Department and Vendor, the Vendor will accept and receive payments via PCard in the same manner it receives other Visa card purchases. To find out more about the State's PCard program, Vendors may visit: https://www.dms.myflorida.com/business_operations/state_purchasing/state_contracts_and_agreement/s/state_term_contracts/purchasing_card_services.

the Contract term and following completion of the Contract if the Vendor does not transfer the records to the Department; and (d) upon completion of the Contract, transfer, at no cost, to the Department all public records in possession of the Vendor or keep and maintain public records required by the Department to perform the service. If the Vendor transfers all public records to the Department upon completion of the Contract, the Vendor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Vendor keeps and maintains public records upon completion of the Contract, the Vendor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Department, upon request from the Department's custodian of public records, in a format that is compatible with the information technology systems of the Department. Pursuant to Section 287.058(1)(c), F.S., the Department is allowed to unilaterally cancel the Contract for refusal by the Vendor to allow public access to all documents, papers, letters, or other material made or received by the Vendor in conjunction with the Contract, unless the records are exempt from Section 24(a) of Art. I of the State Constitution or Section 119.071, F.S.

The Vendor shall maintain complete and accurate record-keeping and documentation as required by the Department and the terms of the Contract. All invoices and documentation must be clear and legible for audit purposes. Copies of all records and documents shall be made available for the Department upon request, or no more than two (2) Business Days upon request, if stored at a different site location than the address listed on Attachment II – Vendor's Contact Information and Certification or the Contract. Any records not available at the time of an audit will be deemed unavailable for audit purposes. Violations will be noted and forwarded to the Department's Inspector General for review. The Vendor must retain all documents for the appropriate timeframes listed in the GS1-SL record schedule following termination of the Contract, or, if an audit has been initiated and audit findings have not been resolved at the appropriate timeframes, the records shall be retained until resolution of the audit findings. The Vendor

shall cooperate with the Department to facilitate the duplication and transfer of any said records or documents during the required retention period.

The Vendor or Contractor shall advise the Department of the location of all records pertaining to the Contract and shall notify the Department by certified mail within 10 Days if and when the records are moved to a new location.

The Vendor agrees to hold the Department harmless from any claim for damages, including reasonable attorneys' fees and costs, and from any fine or penalty imposed due to failure to comply with the public records law or improper disclosure of confidential information. Further, the Vendor promises to defend the Department against the same at the Vendor's expense.

C. Audit Requirements

6.6.2 Cooperation with the Inspector General

In accordance with Section 20.055(5), F.S., the Contractor, and any Subcontractor, understands and will comply with its duty to cooperate with the Inspector General in any investigation, audit, inspection, review, or hearing concerning this Contract.

6.6.3 Cooperation with the Florida Legislature

In accordance with Section 287.058(7), F.S., the Vendor or Contractor agrees to disclose any requested information relevant to the performance of the Contract to members or staff of the Florida Senate or Florida House of Representatives, as required by the Florida Legislature. The Vendor or Contractor is strictly prohibited from enforcing any nondisclosure clauses conflictive with this requirement.

6.6.4 Severability

The invalidity or unenforceability of any particular provision shall not affect the enforceability of any other provisions herein and shall be construed in all respects as if such invalid or unenforceable provision was omitted, so long as the material purposes can still be determined and effectuated.

6.6.5 Employment of Department Personnel

The Vendor or Contractor shall not knowingly engage, employ, or utilize, on a full-time, part-time, or another basis, any current or former employee of the Department, where such employment conflicts with Section 112.3185, F.S.

6.6.6 Legal Requirements

The applicable provision(s) of all federal, State, and local laws, and all ordinances, rules, and regulations shall govern development, submittal, and evaluation of all Bids received in response to this ITB and shall govern any claims and disputes, which may arise between Vendors and the State of Florida, by and through its officers, employees and authorized representatives, or any other person, natural or otherwise. Lack of knowledge by any Vendor shall not constitute a cognizable defense against the legal effect thereof.

The Contractor shall perform in accordance with all applicable federal and State laws, rules, regulations, policies, and Department's rules and procedures. All such laws, rules, regulations, policies, and procedures, current and/or as revised, are incorporated herein by reference and made a part of the resulting Contract. The Contractor and the Department shall work cooperatively to ensure service delivery is in complete compliance with applicable legal framework.

6.6.7 Prison Rape Elimination Act (PREA)

The Vendor or Contractor shall comply with the national standards to prevent, detect, and respond to prison rape under the Prison Rape Elimination Act (PREA), Federal Rule 28 C.F.R. Part 115. The Vendor will also comply with all Department policies and procedures related to PREA, which will be available to the Vendor upon request.

The Contractor's employees who will enter the secured perimeter shall also comply with all Department policies and procedures that relate to PREA (see FDC Procedures 602.053) and immediately report any suspected/reported PREA violations as advised of and agreed to in the NI1-127 form.

Attachment IV - Security Requirements for Contractors, is provided for reference. These requirements are subject to change.

6.7 Independent Contractor Status

The Vendor or Contractor shall be considered an independent Contractor in the performance of its duties and responsibilities under the Contract. The Department shall neither have nor exercised any control or direction over the methods by which the Vendor shall perform its work and functions, other than as provided in this ITB and/or the Contract. Nothing is intended to, nor shall be deemed to constitute a partnership, or a joint venture, between the Contractor and the Department.

6.8 Assignment

The Vendor or Contractor shall not assign its responsibilities or interests to another party without prior written approval of the Contract Manager, or designee. The Department shall, at all times, be entitled to assign or transfer its rights, duties, and obligations to another governmental agency of the State upon giving written notice to the Vendor or Contractor.

6.9 Use of Funds for Lobbying Prohibited

The Vendor agrees to comply with the provisions of Section 216.347, F.S., which prohibits the expenditure of State funds for the purposes of lobbying the Legislature, the Judicial branch of government, or a State agency.

6.10 Reservation of Rights

The Department reserves the exclusive right to make certain determinations regarding the service or performance requirements. The absence of the Department setting forth a specific reservation of rights does not mean that any provision regarding the services to be performed is subject to mutual agreement. The Department reserves the right to make any and all determinations exclusively, which it deems are necessary to protect the best interests of the State and the health, safety, and welfare of the Department's Inmates, offenders, and of the general public which is served by the Department, either directly or indirectly, through the resulting Contract.

6.11 Convicted Felons

No personnel assigned may be convicted felon or have relatives either confined by, or under supervision of, the Department, unless an exception is granted by the Department.

6.12 Taxes

The State does not pay Federal Excise and Sales taxes on direct purchases of tangible personal property. Tax exemption number/certificate will be provided upon request. This exemption does not apply to purchases of tangible personal property made by Vendors who use the tangible personal property in the performance of contracts for the improvement of State-owned real property, as defined in Chapter 192, F.S.

6.13 Safety Standards

Unless otherwise stipulated in the ITB, all manufactured items and fabricated assemblies shall comply with applicable requirements of the Occupational Safety and Health Act (OSHA) and any standards thereunder.

6.14 Conflict of Law and Controlling Provisions

The Contract, plus any conflict of law issue, shall be governed by the laws of the State of Florida.

6.15 Termination

6.15.1 Termination at Will

The Contract may be terminated by the Department upon no less than 30 Days' notice and by the Contractor upon no less than 120 Days' notice, without cause, unless a lesser time is mutually agreed upon by both parties. Notice shall be delivered by certified mail (return receipt requested), by other method of delivery whereby an original signature is obtained, or in-person with proof of delivery.

6.15.2 Termination for Lack of Funds

In the event funds to finance the Contract become unavailable, the Department may terminate the Contract upon no less than 24 hours' notice in writing to the Contractor. Notice shall be delivered by certified mail (return receipt requested), in-person with proof of delivery, or by other methods of delivery whereby an original signature is obtained. The Department will be the final authority as to the availability of funds.

6.15.3 Termination for Cause

If a breach of the Contract occurs by the Contractor, the Department may terminate the Contract for cause. The Department may elect to afford, at its exclusive option, an opportunity for the Contractor to cure the breach for cause within 30 Days upon written notice by the Department. Any breach of the Contract, which is still left uncured by the Vendor after the Department has elected to provide 30 Days to cure (remedy) the breach, may result in the Department's termination of the Contract upon 24 hours' written notice by the Department. If the Department does not elect to afford an opportunity for the Contractor to cure a breach (e.g., instances of egregious Contract conduct or other Contract actions, which may be harmful to the Department), the Department may immediately terminate the Contract for cause, upon 24 hours' written notice to the Contractor, as described in this Section. Notice shall be delivered by certified mail (return receipt requested), in person with proof of delivery, or by another method of delivery whereby an original signature is obtained. If applicable, the Department may employ the default provisions in Chapter 60A-1, F.A.C. The provisions herein do not limit the Department's right to remedies at law or in equity.

6.15.4 Termination for Unauthorized Employment

Violation of the provisions of Section 274A of the Immigration and Nationality Act shall be grounds for unilateral cancellation of the Contract.

6.15.5 Termination for Use of Forced Labor

In accordance with Section 287.1346(4)(a)2., F.S., if the Contractor is placed on the Forced Labor Vendor List, the Department may terminate the Contract immediately for cause.

6.16 Indemnification

The awarded Vendor or Contractor shall be liable and shall indemnify, defend, and hold the Department, its employees, agents, officers, heirs, and assignees harmless from any and all claims, suits, judgments, or damages including court costs and attorney's fees arising out of intentional acts, negligence, or omissions by the Vendor(s) or Contractor, or its employees or agents, in the course of the operations of the Contract, including any claims or actions brought under Title 42 USC §1983, the Civil Rights Act.

6.17 Americans with Disabilities Act

The Vendor or Contractor shall comply with the Americans with Disabilities Act. In the event of the Contractor's noncompliance with the nondiscrimination clauses, the Americans with Disabilities Act, or with any other such rules, regulations, or orders, the Contract may be canceled, terminated, or suspended, in whole or in part, and the Contractor may be declared ineligible for further contracts.

6.18 Prison Rehabilitative Industries and Diversified Enterprises (PRIDE)

The Contractor agrees that any articles which are the subject of, or are required to carry out the Contract, shall be purchased from PRIDE, identified under Chapter 946, F.S., in the same manner and under the procedures set forth in Sections 946.515(2) and (4), F.S. The Contractor shall be deemed to be substituted for the Department in dealing with PRIDE, for the purposes of the Contract. This clause is not applicable to subcontractors, unless otherwise required by law. Available products, pricing, and delivery schedules may be obtained at <https://www.pride-enterprises.org>.

6.19 Products Available from the Blind or Other Handicapped (RESPECT)

It is expressly understood and agreed that any articles that are the subject of, or required to carry out, the Contract shall be purchased from a nonprofit agency for the blind or for the severely handicapped that is qualified pursuant to Chapter 413, F.S., in the same manner and under the same procedures set forth in Sections 413.036(1) and (2), F.S.; and for purposes of the Contract, the person, firm, or other business entity carrying out the provisions of the Contract shall be deemed to be substituted for the Department insofar as dealings with such qualified nonprofit agency are concerned. Attachment I – Price Sheet

FDC ITB-25-002

Bids must be firm prices and shall include all packaging, handling, shipping, installation, training, delivery, and other applicable fees. Vendors shall provide a Unit Price per item below, then propagate an Extended Annual Price for the item based upon the Estimated Annual Quantity of commodities to be purchased. By submitting pricing below, the Vendor agrees that in the absence of an equitable price adjustment, as indicated in PUR 1000 (Section 2.b.), renewal pricing will remain the same throughout the Contract. (b) It is unlawful to transmit or attempt to transmit to, or cause or attempt to cause to be transmitted

DC6-264 (Revised 1/18/24)

to or received by, any inmate of any state correctional institution any article or thing declared by

this subsection to be contraband, at any place which is outside the grounds of such institution, except through regular channels as authorized by the officer in charge of such correctional institution.

(c) It is unlawful for any inmate of any state correctional institution or any person while upon the grounds of any state correctional institution to be in actual or constructive possession of any article or thing declared by this section to be contraband, except as authorized by the officer in charge of such correctional institution.

(2)(a) A person who violates this section as it pertains to an article of contraband described in subparagraph (1)(a)1., subparagraph (1)(a)2., or subparagraph (1)(a)6. commits a felony of the third degree, punishable as provided in section 775.082, section 775.083, or section 775.084. A person who violates this section as it pertains to an article of contraband described in subparagraph (1)(a)7. commits a misdemeanor of the first degree, punishable as provided in section 775.082 or section 775.083. Otherwise, a violation of this section is a felony of the second degree, punishable as provided in section 775.082, section 775.083, or section 775.084.

(b) A violation of this section by an employee, as defined in section 944.115(2)(b), who uses or attempts to use the powers, rights, privileges, duties, or position of her or his employment in the commission of the violation is ranked one level above the ranking specified in section 921.0022 or section 921.0023 for the offense committed.

In addition to the statutory requirements, these are additional security guidelines:

- (1) Absolutely, no transactions between contract personnel and inmates are permitted. This includes, but is not limited to, giving or receiving cigarettes, stamps, or letters.
- (2) No communication with inmates, verbal or otherwise, is permitted without the authorization of the officer-in-charge.
- (3) Keep all keys in your pockets. Do not leave keys in the ignition locks of motor vehicles. All vehicles must be locked, and windows rolled up when parked on state property. Wheel-locking devices may also be required.
- (4) Establish with the Institutional Warden and/or Chief of Security where construction vehicles should be parked and staging area for materials storage.
- (5) Obtain formal identification (driver's license or non-driver's license obtained from the Department of Highway Safety and Motor Vehicles). This identification must be presented each time you enter or depart the institution.
- (6) Strict tool control will be enforced at all times. Tools within the correctional institution are classified as Class AA, A, or B.
 - (a) Class AA tools are defined as any tool that can be utilized to cut chain link fence fiber or razor wire rapidly and effectively.
 - (b) Class A tools are defined as those tools which, in their present form, are most likely to be used in an escape or to do bodily harm to staff or inmates.
 - (c) Class B tools are defined as tools of a less hazardous nature. Every tool is to be geographically controlled and accounted for at all times.

(DC6-264 (Revised 1/18/24))

- (d) At the end of the workday, toolboxes will be removed from the compound or to a secure area
 - (e) as directed by security staff. You must have two copies of the correct inventory with each toolbox; one copy will be used and retained by security staff who will search and ensure a proper inventory of tools each time the toolbox is brought into the facility, the other copy will remain with the toolbox at all times. Tools should be kept to a minimum (only those tools necessary to complete your job). All lost tools must be reported to the Chief of Security (Colonel or Major) **immediately**. No inmate will be allowed to leave the area until the lost tool is recovered.
- (7) Prior approval must be obtained from the Chief of Security before bringing any powder-activated tools onto the compound. Strict accountability of all powder loads and spent cartridges is required.
 - (8) All construction materials will be delivered into the compound on trucks entering through the sallyport gate. As the security check of vehicles is an intensive and time-consuming (10-15 minutes) process, the contractor is requested to minimize the number of deliveries.
 - (9) Control end-of-day construction materials and debris. Construction materials and debris can be used as weapons or as a means of escape. Construction material will be stored in locations agreed to by security staff, and debris will be removed to a designated location. Arrange for security staff to inspect the project area before construction personnel leave. This will aid you in assuring that necessary security measures are accomplished.
 - (10) Coordinate with the Warden and Chief of Security regarding any shutdown of existing systems (gas, water, electricity, electronics, sewage, etc.). Obtain institutional approval before shutting down any existing utility system. Arrange for alternative service (if required) and expeditious re-establishment of the shutdown system.
 - (11) With the intent of maintaining security upon the institution's grounds, a background check will be made upon all persons employed by the contractor or who work on the project. **The Department, represented by the institution's Warden, reserves the right to reject any person whom it determines may be a threat to the security of the institution.**
