697DCK-26-R-00287

Snow Removal & Landscaping - BDL ATCT Windsor Locks, CT

Q&A

---

1. **Is there any incumbent/recompete or this is a brand-new project?**
   These requirements were previously/are currently being fulfilled under other contracts.

2. **What is the incumbent contractor name, contract number, annual contract value, and total contract value?**
   Snow Removal Services were previously provided under Contract No. 697DCK-21-C-00285. Landscaping Services are currently provided under Contract No. 697DCK-23-C-00123.

3. **Can you share the price proposal of the incumbent?**
   Price proposals cannot be shared.

4. **Has there been any changes to the scope from the last?**
   There have been some scope changes.

5. **Did the previous incumbent complete the project term? Is this solicitation the same length of time?**
   Both previous contracts were for one base year plus four option years. Not all options are being exercised on the landscaping contract.

6. **If previous incumbents exist, when is the contract set to end?**
   The previous contracts will both end prior to the projected start date listed in this solicitation (11/1/2026).

7. **Is there a set budget for this solicitation?**
   No budgetary information is available.

8. **Is there a projected award and start date?**
   The projected start date is 11/1/2026. There is no set award date.

9. **Is Landscaping only from April-September?**
   Yes, the landscaping portion of the requirements will run from April-September.

10. **The SOW states that plowing will not begin until 2 inches of accumulated snowfall. Is this correct?**
    The SOW states has been amended to read: “Snow removal and sanding operations shall commence within two (2) hours after snow accumulation reaches approximately one (1) inch, unless otherwise directed by the Government Representative.”

11. **Is sand required as part of the de-icing process?**
    Sand is not required as part of service. This is at the contractor's discretion to ensure the standards in the SOW are met.

12. **Sand/Salt Mix – Industry standard is salt and/or treated salt. Is salt with magnesium chloride acceptable?**
    Yes this is acceptable.

13. **Sidewalk De-Icer – What is specified? We normally apply calcium chloride or treated salt.**
    Calcium chloride or treated salt is acceptable.

14. **De-Icer Storage Boxes – Can we stage at critical points on the site?**
    De-icer can be stored on the property, but vendor will be required to use dedicated containment systems, follow strict fire codes, and locations will need COR approval.

15. **Irrigation System – Is this handled in house with your staff?**
    Technical Operations will be responsible for the repair, maintenance, and activation of the irrigation system. Any damaged irrigation equipment identified during contract performance must be reported to the Contracting Officer's Representative (COR) for repair or replacement.

16. **Flowers – Are they handled in house or contracted out? How are they priced?**
    Flowers must be provided by the contractor. This must be included as a part of the fixed-price.
