National Aeronautics and Space Administration
STATEMENT OF WORK
Antietam Leadership Experience

1. **Objective/Requirements**
   NASA Office of Strategic Infrastructure (OSI) is seeking a one-time Antietam Leadership Training Experience to provide leadership developmental opportunities for the organization's leadership team. An experiential leadership program will provide OSI leaders an opportunity to assess their current leadership abilities and identify areas to improve based on applied leadership approaches and concepts.

2. **Characteristics, Scope, and Specs**
   The contractor shall perform the following duties:
   - Provide a facilitator to deliver the Antietam Leadership Experience to 17 NASA Office of Strategic Infrastructure (OSI) leaders.
   - Provide a tailored Antietam Leadership Experience to explore leadership themes that will be beneficial for NASA leaders and the organization. Tailoring can be specified with NASA POC prior to program start date.
   - Provide case studies and discussions topics to allow participants the ability apply Antietam leadership lessons to current organizational challenges and opportunities.
   - Program shall be delivered onsite at the Antietam battlefield in Shepherdstown, WV.
   - Provide logistics and secure transportation to and from Antietam sites as well as meals and lodging.

3. **Place of Performance**
   Antietam battlefield in Shepherdstown, WV

4. **Period of Performance**
   August 3, 2026 through August 6, 2026.
