General Disclaimer Statement

The New Jersey Health Care Profile Web site is provided as a public service by the New Jersey Division of Consumer Affairs (Division), in consultation with the New Jersey State Board of Medical Examiners and the New Jersey State Board of Optometrists (Boards).

Information within individual profiles comes from a number of sources, and the Division cannot and does not guarantee its accuracy.

Physician, podiatrist and optometrist profiles contain some information provided by licensees. The Division does not verify information self-reported by the practitioners. Licensees are required to certify that profile information is accurate and complete. Licensees also are required to update their profile information when there are changes to the data in a profile. Licensees who provide inaccurate or incomplete information may be subject to disciplinary action by the respective Board.

Neither the Division nor the Boards accept any legal liability or responsibility for the accuracy, completeness, or timeliness of the profile information.

No warranty, expressed or implied, is created by providing information on the Health Care Profile Web site, and the inclusion of a practitioner on the Web site does not in any way constitute an endorsement by the Division, the Boards, or the State of New Jersey.

In no event shall the Division be liable to anyone for any decision made or any action taken in reliance on information found on the Web site.

Consumers are advised to review additional disclaimers concerning the source and content of certain information provided in the profiles. Such disclaimers may be found in applicable sections of the profile information pages.

Visitors to this Web site also are encouraged to read disclosures concerning the collection and representation of information relating to the malpractice histories of physicians, podiatrists and optometrists. Click here to view additional disclosures and for an explanation regarding the method by which determinations were made as to whether an individual licensee's malpractice experience was below average, average or above average.
