

ADDENDUM #1

TO: POTENTIAL RESPONDING SUPPLIERS

FROM: Kristen Shelton, NCCM, CPPB
Procurement Specialist

DATE: June 12, 2026

SUBJECT: NC State University RFP #**63-KGS1147280R1**
*Event Rental Equipment and Support Services (Athletics &
Campus-Wide Pool) - **REBID***

The University has received inquiries regarding proposal evaluations associated with the previously cancelled solicitation, #63-KGS1147280. This addendum is not part of the bid process and is not required to be returned with your proposal response.

The prior solicitation was cancelled after the University determined that no proposal received satisfied all solicitation requirements. Because no award was made and a new solicitation has been issued, the University will not be conducting vendor-specific debriefings or providing proposal-specific feedback during the active solicitation period.

Offerors are encouraged to download and carefully review all requirements, instructions, forms, qualifications, insurance requirements, and cost tables contained in the current solicitation. The University notes that revisions have been made to the pricing/cost tables in the current solicitation and encourages offerors to carefully review the revised forms and complete all required fields. Offerors are responsible for ensuring that their proposals are complete and submitted in accordance with all solicitation requirements.

Any questions regarding the current solicitation must be submitted in accordance with the instructions provided in the RFP. The University will respond to questions that require clarification of the solicitation through the official addendum process.
