

- Thalle Construction
 - Questions submitted by Leeah McGhee, LMcGhee@thalle.com
 - Question: The Claims section in Attachment C requests the number and value of personal injury claims over the past five years. Please clarify whether this requirement includes workers' compensation claims, or if it is limited to personal injury claims excluding workers' compensation.
 - **This includes workers' compensation claims as well.**
- Cooper Tacía General Contractors
 - Question(s) submitted by: Luis Bellon, Luis.Bellon@coopertacia.com
 - For the insurance requirement, will a Certificate of Insurance showing the required coverage limits and naming City of Raleigh Stormwater as the certificate holder be sufficient, or is a separate letter from our insurance provider required confirming that the required coverage will be provided?
- ***As stated in Attachment A (4), a signed statement from the applicant's insurance company is required.***
 - For the bonding requirement, will our current bonding letter identifying our single project and aggregate bonding capacity be sufficient, or is a separate project-specific letter from our surety required confirming that bonding can be provided for this project?
- **A bonding letter identifying single project and aggregate bonding capacity is sufficient.**
 - For the bonding requirement, what is the engineer's estimate for the anticipated magnitude of construction for the project?
- ***Engineer's estimate for project range is between \$3.5MM and \$6.5MM.***
 - For the organizational chart requirement, should we provide a corporate organizational chart, a project-specific organizational chart, or both?
- **A corporate organizational chart with key employees likely to work on the project is sufficient.**
 - The RFQ references "Sealed Applications" being received at the Raleigh Stormwater office, but the Application Requirements section also references an email submittal and the option to use a secure online file transfer/share

link if the package is too large to email. Could the City please confirm whether the prequalification package should be submitted digitally by email/file transfer, physically in sealed hard copy format, or both?

- ***Only electronic submittals are acceptable.***
 - If a hard copy submission is required, how many copies or “sets” of the application package should be submitted?
- ***Only electronic submittals are acceptable.***
 - The Application for Bidder Prequalification states that “a copy of this page shall be the cover page for each set,” and that “a set of attachments and any additional information should be included with each set.” Could the City please clarify what is meant by “each set” in this context, including whether multiple identical sets/copies are required?
- ***Disregard as only one electronic set is required.***
