INSTRUCTIONS:

1. Return one properly executed copy of this addendum with your bid response by the Bid Opening Date/Time listed above.
2. Please make the following change(s) in the bid 3000012789 due to questions submitted for clarification:

Q: Is your staff able to unload an enclosed dry van (53' standard semi), or is a flatbed better for the facility? **A standard semi fits most loading areas with a few exceptions, and the vendor is responsible for unloading.**

Q: Are appointments required for delivery? **Scheduled delivery days are required and must occur during business hours of 7am- 2pm. Rotation of stock based on dates are required for each location.**

Q: I did not see in the bid packet, but is there a preferred style of bedding your facility is most interested in? **Please refer to the brand-specific list of requested products in the price list attached to the solicitation.**

Q: Freight has been very volatile as of late with fuel surcharges, and other DOT issues and regulations. Our bedding price itself will not change for the duration of the quote, but the shipping cost may fluctuate delivery to delivery, depending on the current trends. When the trend flows to lower costs, we DO pass along those savings. **(This is not a question and is excluded from being addressed. Vendors are reminded to check all Requirements listed in the IFB document.)**

Q: The bid mentioned product being delivered to 15 locations. Are these 15 locations all on campus, or around North Carolina itself? Would each location receive a couple pallets of bedding, or each get a full truckload? **Majority of the locations are on campus with a few exceptions approximately 15 miles or less from campus. Pallets for each location will range from 1-8 on average.**

Check **ONE** of the following options:

UNIVERSITY OF NORTH CAROLINA at CHAPEL HILL
