Dear Members of the Mega Millions Consortium and Multistate Lottery Association,

As the Mega Millions Lead Director, I hereby endorse the procedures required for party lotteries to conduct their annual reviews for Megaplier. This authority is set out in the Mega Millions Members' Finance and Operations Procedures for Megaplier (effective 10/22/13), Section 1.2.

There were no significant changes to the procedures during this review period; however, the national health crisis that created special claim processing protocols for some members were still in place during the review period. Those protocols sometimes required member states to report expired prizes differently, to allow the reclaiming of previously reported expired prizes. Generally, for prizes under a certain threshold value, members were to process previously lapsed prize claims and report the adjustments on the final drawing of the month being reported; however, some members' protocols adjusted system expiration dates and created reporting delays for expired prizes. Therefore, the procedures continue to be adjusted to accommodate these exceptional actions, and:

For party lotteries identified in 1.2.1 – Attachment 1

The California Lottery has no Megaplier sales during the period; members of the Multi-State Lottery Association (MUSL) do not share Megaplier prize liability with the Mega Millions party lotteries. There are no requirements for these groups.

These reviews should be complete and related reports distributed no later than December 31, 2023.

Sincerely,

Gretchen Corbin
President and CEO
Georgia Lottery Corporation
