

## Notice of Solicitation

The State of Minnesota, in cooperation with the Sourcewell, a State of Minnesota governmental unit and service cooperative purchasing organization, has released a Request for Proposals (RFP) for the purchase of Enterprise Artificial Intelligence Platforms Services and Integrated Delivery. The Chief Procurement Officer for General Services (CPO-GS) has authorized that the State of Illinois and/or its governmental units may participate in the resulting contract(s) on a non-mandatory basis. This opportunity is being published in the Illinois Procurement Bulletin to only give notice to interested vendors; you must obtain the solicitation from the State of Minnesota's publication in Sourcewell Procurement Portal. Please see the link below.

The purpose of this RFP is to establish Master Agreements with qualified Offerors to provide services related to Enterprise Artificial Intelligence Platforms Services and Integrated Delivery for all Participating Entities. The objective of this RFP is to obtain best value and achieve more favorable pricing than is obtainable by an individual state or local government entity because of the collective volume of potential purchases by numerous state and local government entities. The Master Agreement(s) resulting from this procurement shall be extended to state governments (including departments, agencies, institutions), institutions of higher education, political subdivisions (i.e. school districts, counties, cities, etc., the District of Columbia, territories of the United States, and other eligible entities subject to approval of the individual state procurement director and compliance with applicable statutory and regulatory provisions. The initial term of the Master Agreement shall be four(4) years. Sourcewell and supplier may agree to up to (3) three additional one-year extensions based on the best interests of Sourcewell and its Participating Entities; however, contract vendors must submit an annual certification that they are still compliant with the mandatory minimum requirements and technical specifications of the RFP.

The resulting Master Agreement contract(s) will provide Participating Entities with access to Enterprise Artificial Intelligence Platforms Services and Integrated Delivery.

Please do not contact the State of Illinois with questions about this solicitation.
