Answers to Questions

Each question is referenced by the appropriate Bid Solicitation {RFP} page number(s) and section where applicable.

#	RFP Section Reference	Question (Bolded) and Answer
1	3.6.2 Delivery Instructions	Bid documents state a minimum order quantity of 1 pallet. As a manufacturer, I need to ship in full load, 784 bag, quantities. Will this requirement disqualify me from participating? The specification will not be revised. Minimum order for packaged product delivery of one (1) pallet shall remain.
2	3.6.2 Delivery Instructions	The documents suggest an approximate pallet weight of 2000 lbs. Our standard pallet weighs in at 3420. Will we be forced to reduce our standard pallet or can the locations continue to receive standard pallets? The specification has been revised to read as follows: “Packaged material shall be securely sealed and properly stacked on wooden pallets. Individual package weight shall not exceed sixty (60) pounds.” Please see revisions to and utilize Bid Solicitation {RFP} titled “T1609 18DPP00174 Revised Bid Solicitation RFP 3.1.18”
3		Would you provide me with the previous bid tabulation and award please? The previous bid tabulation has been attached to this Addendum.
