24 June 2026

Notice Type: Sources Sought
Solicitation Name: Joint Strike Missile (JSM) LOT 4 & Option Lot 5

24 June 2026 Amendment 1 to add the following: Any vendors who wish to receive the data and documents must be registered as "Active" in the Defense Logistics Agency Joint Certification Program (DLA JCP).

DISCLOSURE: This is a Sources Sought notice only. This Sources Sought is for informational planning purposes and it is not to be construed as a commitment by the Government for any actual procurement of materials, machinery, or services. This notice does not constitute a solicitation or a promise of a solicitation in the future. This Sources Sought does not commit the Government to a contract for any supply or service. Respondents are advised that the Government will not pay for any information or administrative costs incurred in response to this Sources Sought. All costs associated with responding to this Sources Sought are solely at the responding parties' expense. Respondents are solely responsible for properly marking and clearly identifying any proprietary information or trade secrets contained within their response. The Government will not be liable for, or suffer any consequential damages for any proprietary information not properly marked or clearly identified. Proprietary information received in response to this Sources Sought will be safeguarded and handled in accordance with applicable Government regulations. Responses to this notice are not offers and will not be accepted by the Government to form a binding contract or agreement. The Government will not be obligated to pursue any particular alternative because of this Sources Sought. Responses to the Sources Sought will not be returned. Not responding to this Sources Sought does not preclude participation in any future solicitation, if one is issued. Specific responses to the approaches will not disqualify or have an impact on participation and evaluation on future solicitations, if issued.

GENERAL AND BACKGROUND INFORMATION: The Department of Defense, United States Air Force (USAF), Air Force Materiel Command (AFMC), Air Force Life Cycle Management Center (AFLCMC), Armament Directorate, Direct Attack Division, Direct Attack Munitions Branch is currently conducting market research seeking a capabilities statement from potential sources, including small businesses (SB), 8(a), HUBZone, Economically Disadvantaged Woman-Owned (EDWOSB), Woman-Owned (WOSB), Service Disabled Veteran Owned (SDVOSB) small business that are capable of providing the following:

- **Production of AGM-184 All Up Rounds and Spares: Manufacture, assembly, inspection, and delivery of AGM-184 tactical missiles and associated replacement spare components.**

- **JSM Lifecycle Sustainment & Engineering Support: Capability to perform comprehensive sustainment and engineering services for the JSM system, including but not limited to JSM Engineering Technical Support, obsolescence management, and technical data maintenance.**

- **CMBRE Cyber Enhanced (CE) Software Integration: Provision and configuration management of the Computer Program Identification Number software suite—**

consisting of the latest approved, certified, and verified Mission Application Program, Operational Flight Program, and firmware—required for the Common Munitions Bit-Information/Test Reprogramming Equipment Cyber Enhanced (CMBRE CE) to support United States Government missile sortie generation specific to the JSM.

- **Production Quality Assurance & Failure Analysis: Capability to perform Failure Mode, Effects, and Criticality Analysis on production failures, and administer program-level Material Review Boards to determine root causes and implement corrective actions.**

- **Comprehensive Warranty Administration: Provision and management of system-wide warranty coverage for AGM-184 tactical missiles, non-tactical assets (e.g., telemetry and training units), and spare parts.**

All interested vendors shall submit a response demonstrating their capability to provide *any or all* of the items to the Primary Points of Contact listed below. Proposals are not being requested or accepted at this time. As stipulated in RFO 15.101(c)(2), responses to this notice are not considered offers and cannot be accepted by the Government to form a binding contract. No solicitation (Request for Proposal) exists at this time; therefore, do not request a copy of the solicitation. The decision to solicit for a contract shall be solely within the Government's discretion.

The NAICS Code assigned to this acquisition are 336415, Guided Missile and Space Vehicle Propulsion Unit and Propulsion Unit Parts Manufacturing, with a size standard of 1250 employees and 541330, Engineering Services (Exception 1), with a size standard of $47M. Respondents should indicate their size in relation to this size standard and indicate socio-economic status (i.e. SB, 8(a), HUBZone, EDWOSB, WOSB, or SDVOSB). Respondents are further requested to indicate their status as a Foreign-owned/Foreign-controlled firm and any contemplated use of foreign national employees for this effort. The Government reserves the right to consider a small business set-aside based upon responses for any subsequent action. All prospective Contractors must be registered in good standing in the System for Award Management (SAM) database to be awarded a DoW contract. All prospective Contractors shall be registered, or will be registered in the Supplier Performance Risk System. No set-aside decision has been made. Note that a key factor in determining an acquisition to be a Small Business Set Aside is that small business prime contractors must perform at least 50% of the effort, as defined in RFO Clause 52.219-14.

CAPABILITIES STATEMENT: All interested vendors shall submit a capabilities statement that explicitly demonstrates their capability to provide/perform the requirement stated in this notice. The capabilities statement should be brief and concise yet clearly demonstrate an ability to meet the stated requirement. The response must not exceed 10 single spaced, 12-point font typed pages.

Small businesses with only partial capabilities of this requirement are encouraged to submit their capabilities statement demonstrating the portion of the requirement they are capable of

providing/performing. This information will allow the Government to identify areas of possible breakout or possible subcontracting opportunities.

Responses may be submitted electronically in PDF or MS Word format to Catherine Hodge, Contracting Officer by e-mail at catherine.hodge.2@us.af.mil and James Barnes, Contract Specialist at james.barnes.49@us.af.mil. All correspondence sent via email shall contain a subject line that reads "JSM LOT 4 /Option Lot 5." If this subject line is not included, the e-mail may not get through e-mail filters at Eglin AFB. Filters are designed to delete emails without a subject or with a suspicious subject or attachment. Attachments with files ending in .zip or .exe are not allowable and will be deleted. Ensure only .pdf, .doc, .docx, .xsls, or .xls documents are attached to your email. All other attachments may be deleted.

All responsible sources may submit information that shall be considered by the agency. If late information is received, it may be considered, depending on agency time constraints. All routine communications regarding the announcement should be directed to the contractual points of contact listed in this posting. The Government may or may not use any responses to this sources sought as a basis for a subsequent project/requirement. Any project/requirement developed from the sources sought responses may be the subject of a subsequent acquisition; any such subsequent acquisition will be posted separately. Responses to this sources sought will not be returned. The Government is under no obligation to acknowledge receipt of the information received, or provide feedback to the respondents with respect to any of the information submitted under this sources sought. No requests for a bid package or solicitation will be accepted; a bid package or solicitation does not exist at this time. To protect the integrity of any possible future acquisition, no additional information will be provided and no appointments for presentations will be made in reference to this sources sought.

Respondents to this RFI are advised that proprietary, confidential, or privileged commercial data submitted as part of your response may be released to non-Government advisors supporting the Government in this acquisition. Although the Government's contracts with these advisors require non-disclosure agreements, please indicate in your response to this synopsis if your firm has objections to the use of these advisors. These advisors are employed by HX5, COLSA, Astrion, ARS, Canvas, Credence, DCS Corp., Torch Technologies, Quantitech or Odyssey Systems. Specify the specific basis of the objection, and the specific portions that the respondent objects to disclosure to non-Government advisors.

RESPONSES ARE DUE NO LATER THAN 12:00 P.M. (Central Time) ON 8 JULY 2026
Direct all questions concerning this requirement to Catherine Hodge at catherine.hodge.2@us.af.mil and James Barnes at james.barnes.49@us.af.mil.
