"Data matrix" means a two-dimensional matrix symbology, which is made up of square or, in some cases, round modules arranged within a perimeter finder pattern and uses the Error Checking and Correction 200 (ECC200) specification found within International Standards Organization (ISO)/International Electrotechnical Commission (IEC) 16022.

"Data qualifier" means a specified character (or string of characters) that immediately precedes a data field that defines the general category or intended use of the data that follows.

"DoD recognized unique identification equivalent" means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html.

(2) The time specified in the solicitation for receipt of quotes (if specified);

(3) The name, address, and telephone number of the quoter;

(f) Late submissions, modifications, revisions, and withdrawals of quotes.

(1) Quoters are responsible for submitting quotes, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. (2) Any quote, modification, revision, or withdrawal of an quote received at the Government office designated in the solicitation after the exact time specified for receipt of quotes is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late quote would not unduly delay the acquisition. However, a late modification of an otherwise successful quote, that makes its terms more favorable to the Government, will be considered at any time it is received and may be selected.

(3) If an emergency or unanticipated event interrupts normal Government processes so that quotes cannot be received at the Government office designated for receipt of quotes by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the

solicitation or other notice of an extension of the closing date, the time specified for receipt of quotes will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(4) Quotes may be withdrawn by written notice received at any time before the exact time set for receipt of quotes. Oral quotes in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile quotes, quotes may be withdrawn via facsimile received at any time before the exact time set for receipt of quotes, subject to the conditions specified in the solicitation concerning facsimile quotes. A quote may be withdrawn in person by a quoter or its authorized representative if, before the exact time set for receipt of quotes, the identity of the person requesting withdrawal is established and the person signs a receipt for the quote.

(g) Contract award. The Government intends to evaluate quotes and issue a purchase order without negotiating with quoters. Therefore, the quoter's initial quote should contain the quoter's best terms from a price and technical standpoint. However, the Government reserves the right to conduct negotiations, with one or more quoters, if later determined by the Contracting Officer to be necessary or advantageous. The Contracting Officer will not negotiate with any quoters other than those of the Government's choice and will not use the formal procedures described in FAR subpart 15.3 (e.g., FAR 15.306). The Government may reject any or all quotes if such action is in the public interest; and waive informalities and minor irregularities in quotes received.

(h) Multiple awards. The Government may select any item or group of items of a quote, unless the quoter qualifies the quote by specific limitations. Unless otherwise provided in the Schedule, quotes may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity quoted, at the unit prices quoted, unless the quoter specifies otherwise in the quote.

The Quoter also shall enter its Electronic Funds Transfer (EFT) indicator, if applicable. The EFT indicator is a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the Quoter to establish additional SAM records for identifying alternative EFT accounts (see FAR subpart 32.11) for the same entity. If the Quoter does not have a unique entity identifier, it should contact the entity designated at www.sam.gov for unique entity identifier establishment directly to obtain one.
