(ii) Technical Capability

(iii) Past Performance

(b) Options. The Government will evaluate quotes for award purposes by adding the total price for all options to the total price for the basic requirement. This includes options under FAR clause 52.217-8, Option to Extend Services, if included in this solicitation. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A quotation is not an offer and, consequently, cannot be accepted by the Government to form a binding contract. Therefore, issuance by the Government of an order in response to a supplier's quotation does not establish a contract. A written notice of award or purchase order, mailed or otherwise furnished to the successful quoter is an offer by the Government to the supplier to buy certain supplies or services upon specified terms and conditions. A contract is established when the supplier accepts the offer.

(d) Contract award may only be made to responsible parties IAW RFO FAR 9.103. As part of the Responsibility determination, the Contracting Officer will consider suppler risk using the Supplier Performance Risk System IAW RFO DFARS 204.7602.

II. Quote Evaluation: The evaluation process will be accomplished as follows (Organized by Volume):

A. General

We will award a contract to the responsible quoter who represents the best value to the Government on the basis of comparison of its

(a) price and

(b) acceptability of quote,

(c) past performance assessment.

B. Volume I, Quote

(a) General: We will determine the merits of your quote on the basis of (a) its price, (b) its acceptability of quote

(b) Price: We will verify unit prices and extended (CLIN) pricing is accurate as quoted. Upon verification of CLIN prices, the USG will add all CLINs to arrive at a Total Evaluated Price. Adequate competition is expected to assist in determining a fair and reasonable price. However, if adequate competition does not materialize, the Contracting Officer may require the submission of Other than Certified Cost or Pricing Data to support the quote.

(c) Acceptability: We will determine the acceptability of your quote on an acceptable or unacceptable basis. We will consider your quote acceptable if it (i) conforms to the material solicitation requirements; (ii) manifests your unconditional assent to the terms of this Request for Quote (RFQ), and (iii) you are a responsible prospective contractor pursuant to FAR 9.104-1. (NOTE: By submission of a quote, the quoter represents that it unconditionally assents to the terms of this Request for Quote, except for any written express exceptions.):

(i) Conformance. Material solicitation requirements include those terms affecting quality, quantity, price, or delivery.

(ii) Assent. If you (1) take exception to any term of this RFQ, (2) propose any additional terms, or (3) omit material information required by this RFQ then we will consider your quote to be unacceptable and ineligible for contract award.

C. Volume II, Technical Capability

The technical capability will assess the how well the Offeror's technical capability statement/plan will meet the Government's requirement. We will determine the ability on an acceptable or unacceptable basis. We will consider your quote acceptable if it demonstrates the ability to complete the services.

D. Volume III, Technical - Past Performance

(a) General: The past performance assessment will assess the prime's (hereafter referred to as quoter's) ability to successfully accomplish the effort based on the quoter's demonstrated present and past work record. The Government may evaluate the quoter's demonstrated record of contract compliance in supplying products and services that meet users' needs, including cost and schedule. The recency and relevancy of the information, the source of the information, context of the data and general trends in the contractor's performance may be considered.

The evaluation of the quoter's (including partnerships and joint venture) present/past performance WILL NOT include the present/past performance of any subcontractors, predecessor companies, affiliates, other divisions or corporate management even though they may perform major or critical aspects of this requirement. Only the quoter's (includes partnerships and joint ventures) past performance will be evaluated.

(b) Past Performance Assessment: Present and Past Performance is a measure of the degree to which you have satisfied your customers in the past and complied with federal, state, and local laws and regulations. Your past performance is relevant to this competition when you have done recent work that has confronted you with the same kinds of challenges that you would reasonable expect to encounter during performance of the contract described by the RFQ. We will assess your past performance on the basis of recency, relevancy, and quality (general trends in contractor performance and source of information). Past performance information may be obtained from any sources available to the Government.

(c) Past Performance Evaluation Ratings:

The USG will evaluate each reference for recency and relevancy. For the purposes of this solicitation, Recency is defined as demonstrated experience (active or completed efforts) performed within the past three years from the date the solicitation is issued. Relevancy is defined as demonstrated experience that is similar in scope and magnitude of this effort. References / Sources will either be found to be Recent or Not Recent and Relevant / Not Relevant. Only references / sources that are found to be recent and relevant will be evaluated for confidence levels. The USG reserves the right to use any resource available to the Contracting Officer to evaluate Past Performance, to include government databases and personal knowledge of the acquisition workforce. The following Rating Method will be used to evaluate Past Performance:

Adjectival Rating	Description
Substantial Confidence	Based on the offeror's recent/relevant performance record, the Government has a high expectation that the offeror will successfully perform the required effort.
Satisfactory Confidence	Based on the offeror's recent/relevant performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort.
Neutral Confidence	No recent/relevant performance record is available or the offeror's performance record is so sparse that no meaningful confidence assessment rating can be reasonably assigned. The offeror may not be evaluated favorably or unfavorably on the factor of past performance.
Limited Confidence	Based on the offeror's recent/relevant performance record, the Government has a low expectation that the offeror will successfully perform the required effort.
No Confidence	Based on the offeror's recent/relevant performance record, the Government has no expectation that the offeror will be able to successfully perform the required effort.

NT Agency Protest Program:

NG Agency Protest Program is intended to encourage interested parties to seek resolution of their concerns with the National Guard (NG) as an Alternative Dispute Resolution forum, rather than filing a protest with the Government Accountability Office (GAO) or other external forum. Contract award or performance is suspended

during the protest to the same extent, and within the same time periods as if filed at the GAO. The NG protest decision goal is to resolve protests within 35 calendar days from filing. An agency protest may be filed with either the Contracting Officer or the NG Agency's Protest Decision Authority, but not both, in accordance with NG protest procedures.

To be timely, the protests must be filed with the periods specified in FAR 33.103. To file a protest under the NG Agency Protest Program, the protest must request resolution under that program and be sent to the address below:

Tax on Certain Foreign Procurements-Notice and Representation (Jun 2020)

(a) Definitions. As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area of the United States.

United States person as defined in 26 U.S.C. 7701(a)(30) means

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(5) Any trust if-

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror may claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service (IRS) Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is

provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

(1) It [ ] is [ ] is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 [ ] a full exemption, or [ ] partial or no exemption [Offeror must select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the IRS as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to https://www.irs.gov/help/tax-law-questions.
