Questions and Answers

Q. Section A states that sources must demonstrate possession of a Top Secret Facility Clearance (FCL), and further references the need to provide an attestation. Can the Government please clarify whether an offeror's attestation of its Top Secret FCL is sufficient for Step One, or whether supporting documentation/proof of the FCL must also be provided?

A. No documentation is required to be submitted via Step One submissions. Vendors must simply attest that they **do or do not** possess a Top Secret Security Facility Clearance.
