GENERAL INFORMATION
This solicitation is issued under the authority of FAR 16.5 under the Seaport program of multiple award IDIQ contracts. Only SeaPort MAC holders are eligible to participate in this solicitation process.

To the extent that the words "offer" or "proposal" appear in this solicitation, they shall be construed to mean "quote" (or "quotation"), and to the extent that the word "offeror" appears in this solicitation, it shall be construed to mean "quoter".

This requirement is being processed as a new requirement.

Quoters may submit questions requesting clarification of solicitation requirements via e-mail to David Benham david.m.benham.civ@us.navy.mil. Responses to questions received will be provided via an amendment to this solicitation.

PREPARATION COSTS
This Request for Quotations (RFQ) does not commit the Government to pay for the preparation and submission of a quotation.

FAIR OPPORTUNITY EVALUATION FOR AWARD
The Navy will provide interested sources a fair opportunity IAW FAR 16.505(b) using the procedures and evaluation factors described in this provision. It's emphasized that this is a FAR 16.505 fair opportunity process intended to streamline the source selection and be minimally burdensome for both the Navy and Indefinite Delivery Indefinite Quantity (IDIQ) awardees interested in competing for this requirement. The procedures of FAR 15.3 do not apply to the source selection. While not an all-inclusive list, some examples of FAR 15.3 requirements that don't apply are the late is late rule, competitive range determinations, the FAR 15.3 rules for discussions, formal evaluation plans, and formal evaluation documentation.

The Contracting Officer will make the source selection using the following two-step process.

STEP ONE:
No later than 9:00 AM EST, 15 June 2026, interested sources must submit, on no more than two (2) (single sided) pages, a description of their experience on prior contracts they consider most similar to the Performance Work Statement (PWS). Interested sources should use their judgement on how to best demonstrate through their two page submission that they're a viable competitor. For example, a source with relatively limited experience related to the PWS could address how it has the commitment of key personnel or other contractors with more relevant experience.

Step One submissions must also attest that the interested vendor is a SeaPort NxG Prime Contract Holder, and the contract number must be provided within the submission. Additionally, sources must demonstrate that they possess a Top Secret Facility Clearance (FCL). Submissions that do not provide such attestations may be

determined ineligible to participate in Step Two.

The Contracting Officer will evaluate each submission and determine which sources are viable competitors for award. The Contracting Officer may communicate with competitors, without regard to the rules of FAR 15.3 concerning competitive range determinations and discussions, if such communications will enhance the Contracting Officer's determination of whether the quoter is a viable competitor for award. A determination a competitor is nonviable doesn't necessarily mean the Contracting Officer believes the competitor can't successfully perform the PWS. A competitor could be determined nonviable because of their experience relative to other competitors. The Contracting Officer will notify those sources determined nonviable that they are eliminated from further consideration, and invite sources determined viable to submit a quote in response to Step-Two.

Step One submissions shall be emailed to david.m.benham.civ@us.navy.mil in .PDF format. The deadline for Step One submissions is 15 June 2026 at 9:00 AM EST.

STEP TWO:
Upon the completion of Step One, the Contracting Officer will request the information detailed in Sections L and M of the Request for Quotations from the viable competitors. Refer to Section L for entirety of instructions and Section M for evaluation criteria. In addition to the information submitted by competitors, the Contracting Officer may consider other information reasonably related to the evaluation factors, to include the personal knowledge of the competitor's commercial and Government customers, and past performance databases. The Contracting Officer isn't obligated to evaluate all information submitted from each competitor. For example, the Contracting Officer may curtail evaluation of a competitor's submission if at any point the Contracting Officer determines the competitor's quote is unlikely to represent the best value.

The Contracting Officer may communicate with a competitor at any time during Steps One and Two without regard to the FAR 15.3 rules concerning competitive range determinations and discussions. The Contracting Officer may also identify the competitor whose quote is likely to represent the best value and hold negotiations solely with that firm to finalize the order and/or negotiate more favorable terms for the Government.

Any quotations received from firms that were determined not viable during Step One and not invited to submit a quotation based on the review conducted during Step One will not be evaluated and immediately disqualified for consideration in this requirement. Firms determined viable will be requested to submit a technical and cost/price quotation via e-mail to david.m.benham.civ@us.navy.mil.

252.232-7007 Limitation of Government's Obligation. (Apr 2014)

LIMITATION OF GOVERNMENT'S OBLIGATION (APR 2014)

(a) Contract line item(s) ____*[Contracting Officer insert after negotiations]* is/are incrementally funded. For this/these item(s), the sum of $ ____ *[Contracting Officer insert after negotiations]* of the total price is presently available for payment and allotted to this contract. An allotment schedule is set forth in paragraph (j) of this clause.

(b) For item(s) identified in paragraph (a) of this clause, the Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor is not authorized to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled "Termination for Convenience of the Government." As used in this clause, the total amount payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit, and estimated termination settlement costs for those item(s).

(c) Notwithstanding the dates specified in the allotment schedule in paragraph (j) of this clause, the Contractor will notify the Contracting Officer in writing at least ninety days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds identified in paragraph (j) of this clause, or to a mutually agreed upon substitute date. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the timely performance of the item(s) funded pursuant to this clause, for a subsequent period as may be specified in the allotment schedule in paragraph (j) of this clause or otherwise agreed to by the parties. If after such notification additional funds are not allotted by the date identified in the Contractor's notification, or by an agreed substitute date, the Contracting Officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (a) of this clause, the parties will agree as to the period of contract performance which will be covered by the funds. The provisions of paragraphs (b) through (d) of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly.

(e) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated below, in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "Disputes."

(f) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a) of this clause.

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled "Default." The provisions of this clause are limited to the work and allotment of funds for the contract line item(s) set forth in paragraph (a) of this clause. This clause no longer applies

once the contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) and (e) of this clause.

(h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.

(j) The parties contemplate that the Government will allot funds to this contract in accordance with the following schedule:

(1) SUPTXT204-9400(4-22) CONTRACTOR UNCLASSIFIED ACCESS TO FEDERALLY CONTROLLED FACILITIES, SENSITIVE INFORMATION, INFORMATION TECHNOLOGY (IT) SYSTEMS OR PROTECTED HEALTH INFORMATION

The security text does not apply in cases where the contractor/vendor does not have access to Navy Marine Corps Intranet (NMCI) computers, is not issued a Common Access Card (CAC) and is involved in training or other short term duties of less than 30 days duration that allow for the use of a visitor request. In these cases, the government employee must submit a Visitor Access Request (VAR) to the main gate or applicable processing entity for your facility and assume responsibility to escort those without CAC Credentials.

This local text does not apply to non-United States (U.S.) Nationals (foreign nationals) who are contactor employees performing work overseas. This text is applicable to the U.S. Nationals living in the U.S. or overseas who are performing work on a Navy contract.

The investigation of a non-U.S. national at a foreign location must be consistent with a National Agency Check with Written Inquiries (NACI), to the extent possible and include a fingerprint check against the Federal Bureau of Investigation (FBI) criminal history database, an FBI investigations file (name check) search and a name check against the terrorist screening database. Also, the above cited reference notes that Foreign Nationals may not be granted CAC credentials until completion of their investigation and not in the interim.

Per Department of Defense Memorandum (DoDM) 5200.2, Department of Defense (DoD) components must initiate and ensure completion of a background investigation before applying the credentialing standards to a non-U.S. national at a foreign location. The background investigation must be favorably adjudicated before a CAC can be issued to a non-U.S. national at a foreign location. The type of background investigation may vary based on standing reciprocity treaties concerning identity assurance and information exchanges that exist between the U.S. and its allies or agency agreements with the host country.

CONTRACTOR UNCLASSIFIED ACCESS TO FEDERALLY CONTROLLED FACILITIES, SENSITIVE INFORMATION, IT SYSTEMS OR PROTECTED HEALTH INFORMATION

Executive Order 13467, Reforming Processes Related to Suitability for Government Employee, Fitness for Contractor Employees and Eligibility for Access to Classified National Security Information, Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security standards for Federal employees and contractors. The 5 CFR 32 Part 157 in concert with DoD Manual 1000.13, Vol 1, implements the Federal Standards.

APPLICABILITY

This text applies to all DoD sponsored individuals who require CAC eligibility (or login and P/W if acceptable per contract) for: Physical access to DoD facilities or non-DoD facilities on behalf of DoD; Logical access to information systems (whether on site or remotely); or remote access to DoD networks that use only the CAC logon for user authentication, or access to sensitive and protected information. This applies to the Office of the

Secretary of Defense (OSD), the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the DoD, the Defense Agencies, the DoD Field Activities and all other organizational entities within the DoD (hereinafter referred to collectively as the "DoD Components").

Each contractor employee providing services at a Navy command under this contract is required to obtain a DoD CAC. Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

ACCESS TO FEDERAL FACILITIES

Definition. As used in this clause - Military installation means a base, camp, post, station, yard, center, or other activity under the jurisdiction of the Secretary of a military department, or, in the case of an activity in a foreign country, under the operational control of the Secretary of a military department or the Secretary of Defense (see 10 U.S.C. 2801(c)(4)).

Per HSPD-12 and implementing guidance, all contractor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a base, facility or activity is required contractor employees shall in-process with the Command's Security Manager (CSM) upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract.

Training. Contractor employees who require routine physical access to a Federally controlled facility or military installation shall complete "Level I Antiterrorism Awareness Training" prior to gaining access to a facility and annually thereafter in accordance with DoDI O-2000.16 Vol. 1. In accordance with Department of Defense Instruction O-2000.16 Volume 1, DoD Antiterrorism (AT) Program Implementation: DoD AT Standards, Level I Antiterrorism Awareness Training shall be completed by:

1. Completion of "Level I Antiterrorism Awareness Training" available at https://jkodirect.jten.mil/pdf/atl1/launch.html; or

2. Under the instruction of a qualified Level I Antiterrorism Awareness instructor; or

3. By providing a training certificate for "Level I Antiterrorism Awareness Training" training showing completion within the last calendar year.

The contractor will submit certificates of completion for each affected contractor employee and subcontractor employee to the COR or to the contracting officer, if a COR is not assigned, prior to being granted access to a Federally controlled facility or military installation.

Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts, including subcontracts for commercial items, when subcontractor performance requires routine physical access to a Federally-controlled facility or military installation.

OPERATION SECURITY (OPSEC)

It is DoD policy according to DoD Directive 5205.02E, "DoD Operations Security (OPSEC) Program," June 20, 2012, as amended to establish and maintain OPSEC programs to ensure national security-related missions and functions are protected.

Training: Contractor employees shall comply with all DoD OPSEC requirements and complete "OPSEC Awareness for Military Members, DoD Employees and Contractor" training within 30 days of onboarding the contract and annual refresher training thereafter. Training shall be completed through a DoD sponsored and certified computer or web-based learning instruction available at https://securityawareness.usalearning.gov/opsec/index.htm.

The contractor will submit certificates of completion for each affected contractor employee and subcontractor employee to the COR or to the contracting officer, if a COR is not assigned, within 30 calendar days after training is completed by all employees and subcontractor personnel.

START-UP PERIOD

All contractor resource onboarding documents must be submitted via the prime contractor. The prime contractor shall make all necessary preparations to assume full responsibility for productive performance as of the performance start date.

Definition of "productive":

a. OF-306 signed by contractor employee

b. FD-258 Fingerprint Card (Contingent upon availability of electronic fingerprinting submission)

c. Completed Electronic Investigation (e-QIP)

d. All contractor employees with need for a Common Access Card (CAC) must have an active Defense Information System for Security (DISS) profile.

e. Common Access Card (CAC)

f. DISS Visit Request submitted (Contingent upon classification of work being performed, Confidential, Secret, Top Secret).

Note (1): Invoicing by the contractor will begin as of the commencement of the performance period of services and no reimbursement will be paid by the government for efforts expended during the start-up period.

Note (2): Foreign Nationals are not allowed access to the functional/system side of Enterprise Resource Planning (ERP).

ACCESS TO DOD INFORMATION TECHNOLOGY (IT) SYSTEM

In accordance with DON CIO Memorandum (IT LEVEL DESIGNATION ON DD FORM 2875 SYSTEM AUTHORIZATION ACCESS REQUEST) 08 September 2020, contractor employees who require access to Department of the Navy (DoN) or DoD networks are categorized as Privileged, Enhanced, or Authorized users. All user level accesses may include positions which require access to Controlled Unclassified Information (CUI). CUI includes sensitive information protected under the Privacy Act, to include Protected Health Information (PHI). IT System levels are determined by the requiring activity's Command Information System Security Manager (ISSM)/Information Assurance Manager (IAM).

Contractor employees requiring privileged access, (when specified by the terms of the contract) require a Tier 5 (T5) or T5R equivalent investigation, which is a higher level investigation than the Tier 3 (T3) and T3R described below. Due to the privileged system access, an investigation suitable for High Risk national security positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g. system administrator, database administrator) require training and certification to Information Assurance (IA) Technical Level 1, and must be trained and certified on the Operating System or Computing Environment they are required to maintain.

Contractors requiring Enhanced access, (when specified by the terms of the contract) require a T3, T3R, or equivalent investigation, which is a higher level investigation than the Tier 1 (T1) described below. Due to the enhanced system access, an investigation suitable for Moderate Risk national security positions is required.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the contractor employee's duties, such employees shall in-process with the Navy CSM and ISSM/IAM manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy IT resources. The decision to authorize access to a government IT system/network is inherently governmental. The contractor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the Contracting Officers Representative (COR) shall sign the SAAR-N as the supervisor.

The SAAR-N shall be forwarded to the CSM upon contractor employee acquiring a Common Access Card (CAC) credential. Failure to obtain a CAC credential may result in delaying the individual's start date.

When required to maintain access to required IT systems or networks, the contractor shall ensure that all contractor employees requiring access complete annual Cyber Awareness training, and maintain a current requisite background investigation. The contractor's security representative shall contact the CSM for guidance when reinvestigations are required.

INTERIM ACCESS

The CSM may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the contractor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the contractor of his/her responsibility to perform.

DENIAL OR TERMINATION OF ACCESS

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieves the contractor from the requirement to execute performance under the contract within the timeframes specified in the contract. Contractors shall plan ahead in processing their employees and subcontractor employees. The contractor shall insert this clause in all subcontracts when the subcontractor is permitted to have unclassified access to a federally controlled facility, federally-controlled information system/network and/or to government information, meaning information not authorized for public release.

ACCESS TO CONTROLLED UNCLASSIFIED INFORMATION

Safeguarding sensitive unclassified information is critical to achieve NAVSUP Modernization efforts and deliver cutting-edge and uncompromised capabilities. The Secretary of Defense's operations security (OPSEC) campaign plan stresses the importance of protecting controlled unclassified information (CUI). CUI encompasses OPSEC, critical technology, intelligence, and personally identifiable information that, if not properly identified, marked, and controlled, could impair NAVSUP's ability to conduct its mission. Contractor employees with access to Controlled Unclassified Information (CUI) shall comply with DoDI 5200.48 - Controlled Unclassified Information (CUI) and complete DoD approved initial and annual refresher CUI training.

a. Whenever Government provides CUI to, or CUI is generated by, non-DoD entities, all CUI records must be handled as required by the approved mandatory disposition authority.

b. All CUI records must follow the approved mandatory disposition authority whenever the Government provides CUI to, or CUI is generated by, non-DoD entities in accordance with Section 1220-1236 of Title 36, CFR, Section 3301a of Title 44, U.S.C., and the DoDI 5200.48.

c. Contractor employees shall monitor CUI aggregation and compilation based on the potential to generate classified information pursuant to security classification guidance addressing the accumulation of unclassified data or information

d. Contractor employees shall submit unclassified government information for review and approval for release in accordance with the Standard DoD Component Processes, DoDI 5230.09, and DoDM 5205.07, Volume 1.

CONTRACTOR'S SECURITY REPRESENTATIVE

The contractor shall designate an employee to serve as the contractor's security representative. Within three (3) work days after contract award, the contractor shall provide to the requiring activity's Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the contractor's security representative. The contractor's security representative shall be the primary point of contact on any security matter. The contractor's security representative shall not be replaced or removed without prior notice to the Contracting Officer and CSM.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO NATIONAL SECURITY POSITIONS OR PERFORMING SENSITIVE DUTIES

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. If the Security Office validates the contractor's position is Non-Critical Sensitive or if the IT system user level is determined to be Enhanced, at a minimum, each contractor employee must be a US citizen and have a favorably completed T3, T3R, or equivalent investigation to obtain a favorable determination for assignment to a non-critical sensitive or Enhanced position. The investigation consists of a standard National Agency Check and a FBI fingerprint check plus law enforcement checks and credit check. Each contractor employee filling a non-critical sensitive or Enhanced position is required to complete:

SF-86 Questionnaire for National Security Positions (or equivalent Office of Personnel Management (OPM) investigative product)

Two FD-258 Applicant Fingerprint Cards or electronic fingerprint submission (preferred))

Original Signed Release Statements

Failure to provide the required documentation at least thirty (30) days prior to the individual's start date shall result in delaying the individual's start date. Background investigations shall be reinitiated as required to ensure investigations remain current (not older than ten (10) five (5) years) throughout the contract performance period. The Contractor's Security Representative shall contact the CSM for guidance when reinvestigations are required.

Regardless of their duties or IT access requirements ALL contractor employees shall in-process with the CSM upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Employees requiring IT access shall also check-in and check-out with the Navy Command's ISSM/IAM. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy IT resources. The SAAR-N shall be forwarded to the CSM upon the contractor employee acquiring a Common Access Card (CAC) credential. Failure to obtain a CAC credential or provide the required documentation shall result in delaying the individual's start date.

The contractor shall ensure that each contract employee requiring access to IT systems or networks complete annual Cyber Awareness training, and maintain a current requisite background investigation. Contractor employees shall accurately complete the required investigative forms prior to submission to the CSM. The CSM will review the submitted documentation for completeness prior to submitting it to the OPM. Potential suitability or security issues identified may render the contractor employee ineligible for the assignment. An unfavorable determination is final (subject to SF-86 appeal procedures) and such a determination does not relieve the contractor from meeting any contractual obligation under the contract. The CSM will forward the required forms to OPM for processing. Once the investigation is complete, the results will be forwarded by OPM to the DoD Central Adjudication Facility (CAF) for a determination.

For classified contracts, if the contractor employee already possesses a current favorably adjudicated investigation, the contractor shall submit a Visit Access Request (VAR) via the Defense Information Security System (DISS). If the contractor employee does not have a current favorably adjudicated investigation, the contractor shall submit the Visit Access Request in DISS until the contractor employee has at a minimum an interim clearance. If the contract only requires access to unclassified information, even if the contractor takes a DISS "owning" role over the contractor employee, the Navy Command will also take a DISS "owning" role over the contractor employee during the hiring process and for the duration of assignment under that contract. If the contract requires access to classified information, the contractor's Facility Security Office (FSO) will take a DISS "ownership" role and the Navy command will take a DISS "servicing" role during the hiring process and the duration of assignment under that contract. All VARs requires annual renewal for the duration of the employee's performance under the contract.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO OR PERFORMING NON-SENSITIVE DUTIES

Contractor employee whose work is unclassified and non-sensitive (e.g., performing certain duties such as lawn maintenance, vendor services, etc...) and who require physical access to publicly accessible areas to perform those duties shall meet the following minimum requirements:

Must be either a U.S. citizen or a U.S. permanent resident with a minimum of 3 years of legal residency in the U.S. (as required by the Deputy Secretary of Defense DTM 08-006 or its subsequent DoD Instruction (INST)) and
Must have a favorably completed NACI or T1 investigation or equivalent including a FBI fingerprint check prior to installation access.
To be considered for a favorable trustworthiness determination, the CSR must submit for all employees each of the following:

SF-85 Questionnaire for Non-Sensitive Positions
Two FD-258 Applicant Fingerprint Cards (or the preferred method - electronic fingerprint submission)
Original Signed Release Statements
The contractor shall ensure each individual employee has a current favorably completed NACI or T1 equivalent investigation, or ensure successful FBI fingerprint results have been gained and investigation has been processed with OPM.

Failure to provide the required documentation at least thirty (30) days prior to the individual's start date may result in delaying the individual's start date.

242-9405 SUPTXT242-9405 EXPEDITING CONTRACT CLOSEOUT (Jan 2024)

SUPTXT242-9405 EXPEDITING CONTRACT CLOSEOUT

(a) As part of the negotiated fixed price or total estimated amount of this contract, both the Government and the Contractor have agreed to waive any entitlement that otherwise might accrue to either party in any residual dollar amount of $1,000 or less at the time of final contract closeout. The term "residual dollar amount" shall include all money that would otherwise be owed to either party at the end of the contract, except that, amounts connected in any way with taxation, allegations of fraud and/or antitrust violations shall be excluded. For purposes of determining residual dollar amounts, offsets of money owed by one party against money that would otherwise be paid by that party may be considered to the extent permitted by law.

(b) This agreement to waive entitlement to residual dollar amounts has been considered by both parties. It is agreed that the administrative costs for either party associated with collecting such small dollar amounts could exceed the amount to be recovered.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management, which can be accessed via https://www.sam.gov (see 52.204-7).

Section L - Instructions, Conditions, & Notices to Offerors or Quoters

SUBMISSION OF QUOTATIONS

General Information
This solicitation is issued as a Request for Quotation (RFQ) for the award of a Firm-Fixed-Price (FFP) task order. The Government intends to utilize a two-step best-value tradeoff source selection process. To the extent the words "offer" or "proposal" appear, they shall be construed to mean "quote." To the extent the word "offeror" appears, it shall be construed to mean "quoter."
The Quoter's quote shall be in the form prescribed by, and shall contain a response to each of the areas identified in this solicitation section. The following instructions are provided in addition to instructions to Quoters contained elsewhere in this solicitation. Initial quotes and any modifications thereto are to be submitted to the Contracting Officer on or before the closing date and time cited elsewhere in the solicitation.

Quoters shall submit their quotes in two separate volumes as follows:
Volume I - Non-Price quote
Volume II - Price quote

In addition to the Price quote, Quoters shall include the following in Volume II:
Solicitation cover sheet with appropriate blocks completed by the Quoter.
Acknowledgement of solicitation amendments pursuant to FAR 52.215-1 (if not previously provided).
Representations and Certifications completed by the Quoter in accordance with instructions contained elsewhere in this solicitation. If the Quoter has completed all of the representations and certifications required by this solicitation in SAM (www. sam.gov) in accordance with FAR 52.204-8 and DFARS 252.204-7007 ALT A, then the Quoter need not submit the hardcopy Representations and Certifications. The completion and submission of the above items will constitute an offer (quote) and will be considered the Quoter's unconditional assent to the terms and conditions of this solicitation and any attachments and/or exhibits hereto. Quoters shall respond to all requirements of the solicitation document. Quoters are cautioned not to alter the solicitation. Any affirmative exception to the material terms and conditions of the solicitation will render the offer ineligible for award. Alternate quotes are not authorized. In the event any person who is not a bona fide employee of the quoter participated in the creation, formulation, or writing of any portion of the quote, a certificate to this effect shall be included in the quote which shall be signed by an officer of the quoter. Such certificate shall identify the name of the person who is not a bona fide employee, that person's employment capacity, the name of the person's firm, the relationship of that firm to the quoter, and the portion of the quote in which the person participated.

REQUIREMENTS FOR QUOTE CONTENT
Do not include CLASSIFIED data in your quote.
Introduction and Purpose - This section specifies the format that quoters should use in quotes submitted in response to this solicitation. The intent is not to restrict the quoters in the manner in which they will perform their work but rather to ensure a certain degree of uniformity in the format of the quotes for evaluation purposes.
Each volume should contain the following items in addition to the other information required by this solicitation: Cover:
The cover should indicate the following:

Title of the quote
Volume Number (I or II)
Solicitation number
Name and address of quoter
Contractor point of contact (POC) with POC's email address and phone number
CAGE and Unique Entity ID of quoter
Identification of original signature copies

Table of Contents:
The table of contents should provide detail sufficient to allow the important elements to be easily located.
Requirements for Style: Each quoter shall submit a quote that clearly and concisely sets forth the contractor's response to the requirements of the solicitation. Unnecessary elaboration or other presentations beyond that sufficient to present a complete and effective quote are not desired. The quote shall contain all the pertinent information in sufficient detail in the one area of the quote where it contributes most critically to the discussion. When necessary, the quoter shall refer to the initial discussion and identify its location within its quote.

Page Limitations
Volume I, "Non-price quote," is limited to a maximum of 20 pages in length inclusive of any charts, diagrams, and/or other graphics. Each "page" is defined as one sheet, 8 1/2 " x 11", with at least one inch margins on all sides, using a font with a point size of 12 or greater (e.g., "Times New Roman" style with 12 point font). Lines shall, at a minimum, be single-spaced. Pages shall be consecutively numbered. Multiple pages, double pages, two-sided pages, or foldouts will count as an equivalent number of 8 1/2" x 11" pages. The cover sheet and table of contents (not to exceed one page per volume) will not count toward the page limit. The one exception to the font size requirement shown above is that the "past performance information form," including any continuation sheets, may be completed with a point size of 10 or greater.
Pages submitted in excess of the page limitations described above will not be evaluated. The Navy may exercise discretion in determining which specific pages are considered to be in excess of the page limitations.
Volume II, "Price quote," is not page limited.

QUOTE CONTENT
Volume I - Non-Price quote

Volume I of the quote shall include all information required for the evaluation of the quoter's Non-price quote. It shall exclude any reference to the price aspects of the quote. Each page of each copy should include the following legend:
Source Selection Information - See FAR 2.101 and 3.104

The Non-price evaluation factors are listed below, with Management Approach being equal to Past Performance:

Management Approach
The quoter shall provide a detailed plan for personnel recruitment, retention, and the management of Top Secret requirements.
The quoter should provide any other information the quoter considers relevant to the solicitation.

Past Performance
The quoter shall demonstrate relevant past performance or affirmatively state that it possesses no relevant past performance. Relevant past performance is performance under contracts or efforts within the past five years that is the same as, or similar to the scope, magnitude, and complexity of the work described by this solicitation. To demonstrate its past performance, the quoter shall identify up to three (3) of its most relevant contracts or efforts within the past five (5) years. The quoter should complete a "Past Performance Information Form" for each reference submitted. The quoter should provide a detailed explanation demonstrating the relevance of the contracts or efforts to the requirements of the solicitation. The quoter should also provide information on any problems encountered on the identified contracts or efforts and the quoter's corrective actions.
In considering the relevance of a quoter's past performance, the past performance references provided by the quoter will be evaluated individually. The Government reserves the right to evaluate submitted references in the aggregate in order to determine relevance and will do so consistently across all evaluated quotes. If the Government elects to consider past performance references in the aggregate, the method of aggregation shall be at the discretion of the Government.
Individual references determined to be not relevant shall not be included in the aggregate evaluation. Only references exhibiting a meaningful degree of relevance in scope shall be considered in the aggregate. The Government will consider the quality of the Contractor's relevant past performance.
Contract references for IDIQ contract vehicles shall provide the basic contract number and task order number. Such references that do not provide this information will not be reviewed or considered. For example, an IDIQ contract number, GSA Schedule contract, or BPA number will not be considered since performance occurs at the task order level. A singular task order number under one IDIQ contract equates to one effort.
The Government is evaluating a maximum of three efforts.
If subcontractor past performance is provided as part of the three of its most relevant contracts or efforts, the subcontractor past performance will be given weight proportional to the scope, magnitude, and complexity, of the aspects of the work under the solicitation for which the subcontractor is proposed. Therefore, the quoter's quote shall detail clearly the aspects of the work in the solicitation that the subcontractor is proposed to perform. It is the quoter's responsibility to adequately explain the relevance of a reference provided for a subcontractor's past performance to the effort that the subcontractor is proposed to perform under the solicitation.
The Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources including sources outside of the Government. When a quoter is determined to have relevant past performance, the quality of its relevant past performance will be evaluated. Quoters lacking relevant past performance history will not be evaluated favorably or unfavorably under the Past Performance factor. However, the quote of a quoter with no relevant past performance history, while not rated favorably or unfavorably for past performance, may not represent the most advantageous quote to the Government and, thus, may be an unsuccessful quote when compared to the quotes of other quoters. The evaluation of Past Performance is separate and distinct from the Contracting Officer's responsibility determination. The assessment of the quoter's past performance will be used as a means of evaluating how capable the quoter is of successfully accomplishing the requirements of the solicitation. In determining the rating for the Past Performance evaluation factor, the Government will give greater weight to the contracts or efforts which are determined to have greater relevance to the solicitation. A quoter whose past performance demonstrates either a low expectation or no expectation that the quoter will be able to successfully perform the required effort will be considered ineligible for award.
The "Past Performance Information Form" is an attachment to the solicitation. The forms will count toward the Volume I page limit described above. For additional information regarding a particular reference beyond that which will fit on the form, the quoter may continue onto additional sheets of paper. Such continuation sheet(s) for submitted references will count toward the Volume I page limit.
The non-price factor of Management Approach must be determined to be Acceptable or better in order to be eligible for award. For the non-price factor of Past Performance, a rating that is less than 'Unknown Confidence/Neutral,' i.e. 'Limited Confidence' or 'No Confidence' will render a quotation ineligible for award consideration. If a quoter's Performance Approach is rated less than 'Acceptable,' that concludes the evaluation of that quote i.e. Past Performance shall not be evaluated.

Section M - Evaluation Factors for Award

This Task Order is reserved only for those contractors determined to be viable in accordance with the STEP ONE submission instructions contained in the General Information section at the top of this solicitation and invited to submit a technical and price quote in accordance with the instructions contained in Section L and M of this solicitation.

EVALUATION CRITERIA AND THE BASIS FOR AWARD (FFP BEST-VALUE TRADE-OFF)

Quotes will be evaluated in accordance with the instructions set forth in Section L as well as the evaluation criteria contained in this section. The Government intends to issue a task order resulting from this solicitation to the responsible quoter whose quote represents the best value after evaluation in accordance with the factors (and subfactors, if any) in the solicitation. The quoter's responses to the "Instructions to quoters" in Section L of the solicitation will form the basis of the evaluation of quotes as follows: A rating that is less than "Acceptable" in any non-price evaluation factor and/or less than a "Satisfactory Confidence" rating in the Past Performance evaluation factor will render a quote ineligible for award consideration as submitted. The evaluation of quotes will consider the quoter's non-price quote to be more important than the quoter's price quote.

The Non-price evaluation factors are listed below. Management Approach and Past Performance are equal in weight and are each individually more significant than Price. Management Approach and Past Performance are more important than Price.

Management Approach

Past Performance

Price

Management Approach

The Government will evaluate the soundness and feasibility of the quoter's approach to executing the PWS, including personnel recruitment/retention and security management.

Past Performance

In considering the relevance of a quoter's past performance, the past performance references provided by the quoter will be evaluated individually. If subcontractor past performance is provided as part of the three (3) of its most relevant contracts or efforts, the subcontractor past performance will be given weight proportional to the scope and magnitude of the aspects of the work under the solicitation for which the subcontractor is quoted. The Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources including sources outside of the Government. When a quoter is determined to have relevant past performance, the quality of its relevant past performance will be evaluated. Quoters lacking relevant past performance history will not be evaluated favorably or unfavorably under the Past Performance factor. However, the quote of a quoter with no relevant past performance history, while not rated favorably or unfavorably for past performance, may not represent the most advantageous quote to the Government and, thus, may be an unsuccessful quote when compared to the quotes of other quoters. The evaluation of Past Performance is separate and distinct from the Contracting Officer's responsibility determination. The assessment of the quoter's past performance will be used as a means of evaluating how capable the quoter is of successfully accomplishing the requirements of the solicitation. In determining the rating for the Past Performance evaluation factor, the Government will give greater weight to the contracts or efforts which are determined to have greater relevance to the solicitation. A quoter whose past performance demonstrates either a low expectation or no expectation that the quoter will be able to successfully perform the required effort will be considered ineligible for award.

For all non-price factors (other than Past Performance), a quoter's submission must be determined to be Acceptable or better in order to be eligible for award. A rating that is less than "Acceptable" in any non-price evaluation factor and/or less than a "Satisfactory Confidence" rating in the Past Performance evaluation factor will render a quote ineligible for award consideration as submitted.

Price
The total quoted price will be evaluated for fairness and reasonableness in accordance with FAR 15.404-1. The Total Evaluated Price will be the sum of the FFP for the base and all option periods. A price realism analysis will not be conducted.
